

The following tables list the subject fees for domestic and international students enrolled in TAFE NSW Higher Education courses in 2026.

Students pay tuition fees each semester on a per subject basis, ie: fees are only due for subjects a student has enrolled in each semester. Note that additional fees may be payable for equipment and resources. These additional fees are not listed in the tables below. The course coordinator can provide advice on any additional equipment and resource fees.

Tuition fees are reviewed annually and are subject to change. Fees payable by the student are the tuition fees for the subject valid for that semester, and not the tuition fees that were in place the first time the student enrolled. Students must pay their fees by census date, or have taken out a Commonwealth Government HELP loan to cover their fees (for eligible FEE-HELP students only).

Semester and census dates apply to all students. Please visit our website for details:

<https://www.tafensw.edu.au/degrees/academic-calendar>

Students intending to withdraw from a subject or course, must do so prior to census date. If they do not, they will be liable for the fees (or the FEE-HELP loan liability) for the subjects they are enrolled in for that semester. For full information on tuition fees, withdrawing and refunds, refer to the TAFE NSW Higher Education Tuition Fees policy on the TAFE NSW website: [Higher Education Policies and Procedures - TAFE NSW](#)

Students who have not paid their tuition fees or taken out a student loan by census date will be excluded from attending classes and submitting assessments.

Credit Points (CPs)

All subjects have a credit point value as indicated in the course tables below. Credit point values vary between subjects and courses. Students must complete the requisite credit points for a whole course, as well as satisfying core and elective requirements, before they are eligible to graduate.

Equivalent Full Time Student Load (EFTSL)

The term EFTSL is used by the Commonwealth government to measure student enrolment. One year of full time study is reported as 1 EFTSL, so a three-year degree will be reported as 3 EFTSL. Each subject in a course has its own EFTSL values. If a degree requires full time students to complete 8 subjects in a year, each of those subjects will have an EFTSL of 0.125 (ie: $8 \times 0.125 = 1$ meaning 8 subjects worth 0.125 EFTSL each = 1 EFTSL for the whole year). EFTSL values for subjects and courses are indicated in the course tables below.

CONTENTS

Bachelor of Interior Design	1
Bachelor of Fashion Design	2
Associate Degree of Fashion Design	2
Diploma of Fashion	2
Bachelor of Creative Practice	3
Associate Degree of Creative Practice	3
Diploma of Creative Practice	3
