

Career Guide 2026

In the spirit of reconciliation, TAFE NSW acknowledges Aboriginal and Torres Strait Islander Peoples as the Traditional Custodians of Country throughout Australia, and their connections to land, sea and community. We pay our respect to their Elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples today.

Why choose TAFE NSW?

Get the job you want

With our diverse range of courses, strong industry connections and approaches to learning that suit all needs, we will help you to get the job you want.

You come first

TAFE NSW has been evolving and adapting to the training and education needs of NSW for over 130 years. We exist to create outstanding learner experiences and provide quality and personalised services that allow you to achieve your goals.

You are an individual

You're never just a number at TAFE NSW. Our small class sizes, student services and social facilities all create an incredibly strong support network. We will always ensure that you receive expert support in your specific area of interest.

Quality education

We partner with employers to provide mentorships, internships, work placements, and real world learning. Whatever your course, you will develop current, practical skills through both real and simulated work environments.

Strong industry connections

Our ambition is to help you with your career goals. With hundreds of partner organisations, and relationships with thousands of employers, we offer up-to-date industry insights and prime networking opportunities to help you develop relationships with industry. You will also discover an invaluable professional network among your teachers and fellow students.

Excellent reputation

Our teachers have worked in their industry and are passionate about their field. We know they are the best at what they do, because that's what our graduates tell us. Teachers combine their industry experience with a friendly, relaxed and supportive approach. That's why TAFE NSW enjoys an excellent reputation as one of Australia's leading education and training providers.

Safe places for learning and growth

At TAFE NSW, you will find study spaces, as well as vibrant places and opportunities to network, to socialise, and to just chill out. These include cafés, gyms, bookshops, galleries and exhibition spaces, as well as areas for student bands, barbecues, and theatre performances. You may even get discounts at our student training restaurants, hair and beauty salons, and massage clinics.

Student Benefits Program

Enrolling at TAFE NSW means you're part of our student and broader TAFE NSW community. Through our Student Benefits Program, you'll have access to join us in activities and events throughout the year. This program is available to all TAFE NSW students.

Jobs Connect service

Our Jobs Connect program is free to all students. It can help you connect with employers and find job opportunities relevant to you. You'll also have access to employability workshops, industry insights and career events hosted throughout the year.

Pathways to success

A TAFE NSW pathway is a great way to fast-track your career by preparing for work or study, building new skills, and pursuing specific career outcomes.

School

Employment
and further
education

TAFE NSW

Forge your own path

Your pathway depends on your skills, experience, study preferences, and career goals. Explore the most popular entry points here and start planning your future with a range of flexible and affordable study options, including face-to-face, workplace, virtual or online.

tafensw.edu.au/study/pathways

School and TAFE NSW pathways

tafensw.edu.au/tvet

- Gain credit towards an industry recognised qualification and study at TAFE NSW while still at school
- Courses, including School Based Apprenticeships and Traineeships (SBAT), may contribute towards your HSC and ATAR
- Contact your careers adviser about available courses

Apprenticeships and traineeships

tafensw.edu.au/courses/apprenticeships-traineeships

- Earn while you learn with a full time, part time, or school based apprenticeship or traineeship
- Combine on-the-job training with structured study and skills development, while working towards a nationally recognised qualification

TAFE NSW to higher education pathways

tafensw.edu.au/study/pathways

- TAFE NSW courses can lead to further study in a university, higher education, or TAFE NSW degree
- Integrated study partnerships between TAFE NSW and universities help set students up for success with real world skills and support transition to higher education
- Visit credittransfer.tafensw.edu.au for more information about higher education pathways, including articulation and credit arrangements that recognise your TAFE NSW qualification

University to TAFE NSW pathways

tafensw.edu.au/study/pathways

- Complement your degree and develop valuable practical skills that employers are looking for with a TAFE NSW course
- Gain recognition or credit transfers for prior learning at university or higher education providers

TAFE NSW degrees

tafensw.edu.au/degrees

- Gain real-world experience and enhance your employability through our internships and work placements
- Build connections with our strong industry ties and job placement opportunities
- Benefit from individual attention and group support with smaller classes

Short courses

tafensw.edu.au/short-courses

- Study a TAFE NSW short course and learn skills to enhance your current role, take the next step in your career or pathway to a full TAFE NSW qualification
- Choose from hundreds of short courses, across a wide range of industries that can be done in days or weeks

Microskills

tafensw.edu.au/microskills

- TAFE NSW microskills provide stackable, up-to-the-minute training solutions that address regulatory changes, rapid advancement in industry technology or other skill requirements
- Online and on-demand, microskills can be completed in as little as half an hour

Support services

Aboriginal student support

tafensw.edu.au/study/support-services/aboriginal-students

Aboriginal staff can assist you with everything – from enrolment to course selection. We can also give advice on applying for fee exemptions and scholarships, as well as provide cultural support and mentoring throughout your TAFE NSW journey.

Disability and access services

tafensw.edu.au/study/support-services/disability

At TAFE NSW, we understand that every student has individual needs that may impact on their ability to study. Disability Teacher Consultants provide a range of services to assist students with enrolment, ergonomic equipment, assistive technology and modifying assessment and exam conditions.

Multicultural support

tafensw.edu.au/multicultural-support-services

TAFE NSW delivers programs and support services to meet the needs of culturally and linguistically diverse students and prospective students. These programs and services include overseas qualifications validation, and finding the right learning support to empower students to succeed in their study and employment goals.

Children's Centres

tafensw.edu.au/student-services/childcare-services

TAFE NSW has established campus-based Children's Centres, so your child can learn while you study and work. Our Centres are licensed to provide long day care for children from six weeks to under six years under the Education and Care Services National Regulations. Our positive learning environment is based on the National Early Years Learning Framework, which guides our practice.

Counselling and career development services

tafensw.edu.au/counselling-career-development-services

The TAFE NSW Counselling and Career Development Service is free and confidential* and is designed to help you with strategies to get the most from your course and your studies. Prospective TAFE NSW students are able to access the service to assist with course choice decisions and career planning. Students enrolled with TAFE NSW are able to access a range of services to assist in career development and personal support. (*Limits to confidentiality include risk of harm to self or others and where there is a legal requirement to provide information.)

Learning support

tafensw.edu.au/student-services/study-support

TAFE NSW provides valuable tutorials and learner support that can help in areas such as essay writing, maths, science or computing skills. Depending on your needs you can access learner support at our 'drop-in' centres, in small groups or one-on-one. Call 131 601 to find out what study support services are available at your location.

Library services

tafensw.libguides.com

When you study with us, you'll gain access to our statewide network of library spaces and the latest digital and print resources. Our qualified library teams provide face-to-face and online support through:

- Unlimited access to our eResources anytime you need. This includes eBooks, journals, and databases.
- Our Ask a Librarian service. You can use this service to connect with a librarian online or research our Frequently Asked Questions.
- Support with research, bibliography and referencing using our online library.
- Access to computers, software, Wi-Fi, study areas, photocopying, printing and more.

International students

tafensw.edu.au/international

Coordinators can offer advice, support and referral services to assist you during your studies. They will help you to achieve your education goals and make your time in Australia rewarding and enjoyable. Download our International Guide today.

Scholarships

tafensw.edu.au/scholarships

TAFE NSW works with government, non-government and industry partners to develop and deliver scholarships for students who are experiencing financial, social, or other barriers to study.

For answers to frequently asked questions about TAFE NSW, visit tafensw.edu.au/student-services

The right support helped Daniel make a life-changing move

A motorcycle accident affected Daniel's ability to continue working. Needing to retrain, he chose to study with TAFE NSW. Thanks to the support he received, Daniel has completed a diploma in mechanical engineering and is now continuing his studies at university.

TAFE NSW provides a wide range of support services for students with disabilities. If you are living with an injury, a disability, or a health condition, TAFE NSW can provide the support you need to achieve your study goals and support you in the future of your choice. Ready to make the move?

- + Course advice
- + Enrolment assistance
- + Support plan development
- + Reasonable adjustments for learning
- + Fee exemptions*

TAFE NSW specialist schools

TAFE NSW Sydney Wine Academy

The TAFE NSW Sydney Wine Academy is an award-winning provider of world class training for the hospitality, retail, and wine industries.

Our teachers are highly respected experts, who share their industry expertise to help you develop your wine knowledge and tasting skills.

Our courses range from one-day hobby courses, through to specialist courses and internationally recognised qualifications.

The Academy is an approved provider of Wine Scholar Guild and Wine and Spirit Education Trust (WSET) programs.

tafensw.edu.au/specialty-schools/sydney-wine-academy

TAFE NSW Fashion Design Studio

TAFE NSW Fashion Design Studio (FDS) can turn your desire for a career in fashion into a reality through a range of unique fashion design courses.

Recognised internationally as a fashion school of excellence, FDS consistently ranks amongst the world's top fashion design schools, and boasts an alumni that reads like a 'who's who' of Australian fashion.

FDS is the only fashion school to showcase The Innovators, a top graduate group show during Australian Fashion Week, and has done so since 1999.

FDS proudly supports designers in creating a new framework that prioritises the environment, ethical design, digital innovation and local manufacturing.

tafensw.edu.au/specialty-schools/fashion-design-studio

TAFE NSW Australian Patisserie Academy

The TAFE NSW Australian Patisserie Academy gives food enthusiasts and professionals the opportunity to immerse themselves in the culinary world. Utilising professional kitchens, you'll emerge with a dream patisserie skill set that ranges from cake decorating, to creating one-of-a-kind chocolate showpieces.

tafensw.edu.au/specialty-schools/australian-patisserie-academy

TAFE NSW Design Centre Enmore

Explore your creativity at the award-winning TAFE NSW Design Centre Enmore (DCE). Our state-of-the-art facilities include purpose built exhibition spaces, studios and workshops, staffed by creative professionals boasting current industry experience and valuable contacts.

In the words of legendary artist and musician Reg Mombassa, "DCE runs excellent practical courses producing students with work-ready skills".

If you're ready to explore and inspire your creative side, then you're ready to enrol at DCE.

tafensw.edu.au/specialty-schools/design-centre-enmore

TAFE NSW Western Sydney Creative Centres

The Western Sydney Creative Centres represent a network of exceptional learning centres, aimed at providing students with an opportunity to express themselves and develop their creative skills.

Our dedicated teachers will support you throughout your student journey, ensuring all your needs are met. Our exceptional facilities, combined with our thorough, hands-on training, help prepare you to become a professional entrepreneur, armed with impressive creative skills, an eye-catching portfolio, a curious mind, and the employability skills needed to succeed.

Aboriginal and Torres Strait Islander Education

Be connected and join over 35,000 Aboriginal and Torres Strait Islander students at TAFE NSW. We recognise the importance of identity, knowledge and understanding of Aboriginal cultures and languages, which enhances the lives and career opportunities of all Australians.

Be deadly.

We welcome Aboriginal and Torres Strait Islander people and we support all students to get the most out of education and training, to help open up exciting employment opportunities or to progress further in your current job.

Be empowered, share your life experiences, and gain real skills for the future. From music and film to Aboriginal languages and cultures, all our courses are taught in small, friendly groups, with personalised support from experienced facilitators. Be job ready and take the first step, with apprenticeships, work placements, and real hands-on experience.

Assistance can also be made available for personalised learning plans, goal-setting, reading, writing, numeracy, and test and assessment preparation.

Closing the Gap

The Closing the Gap target for further education pathways aims to have 70% of Aboriginal and Torres Strait Islander people aged 25 to 34 years that have completed a tertiary qualification (Certificate III and above). This is a significant increase on the 2021 figure of 47%[^].

Choice of programs

From pre-apprenticeships to degrees, or learning an Aboriginal Language, our courses are designed to build on your existing skills and knowledge, whatever your experience.

Agriculture, Animal Care, Food & Beverage Processing & Land Management

The conversion and consumption of the Earth's natural resources is at an all-time high. As our world becomes more populated and the demand on resources continues to grow, it becomes more crucial to know how to grow our food more sustainably whilst managing Earth's biodiversity and climate.

TAFE NSW is one of Australia's largest providers of agriculture, animal care, food and beverage processing, land management, and horticulture training. We listen and collaborate with industry experts and employers to design courses that build relevant knowledge and provide quality hands-on experiences. Training is conducted in the workplace or at TAFE NSW industry-standard facilities, such as the Primary Industries Centre (PIC) at Wagga Wagga, National Environment Centre (NEC) at Thurgoona, and winery and sports turf grounds at TAFE NSW Kurri Kurri. There are a variety of courses delivered by experienced teachers, who can work with you to take the next step in your career development.

Job opportunities

Around 2,000 jobs are forecast to be created in the agricultural, fisheries and forestry sector in the coming decades.[^]

Strong industry connections

Established and dynamic employer and industry networks, including the Pet Industry Association of Australia, the Royal Agricultural Society, Landcare NSW, Aboriginal Land Councils, the Australian Wool Exchange, the Australian Association of Bush Regenerators, The Landscape Association, the Australian Institute of Horticulture, Nursery and Garden Industry of NSW and ACT, the Forest Industry Council, Australian Forest Contractors Association, Arboriculture Australia, Australian Meat Industry Council, the Australian Institute of Food Science and Technology, NSW Wine, Independent Brewers Association, Landscape Design Institute, Australian Sports Turf Managers Association, International Society of Sustainability Professionals, Society for Ecological Restoration, Zoo and Aquarium Association of Australia, Veterinary Nurses Council of Australia and Australian Meat Processor Association.

Agriculture

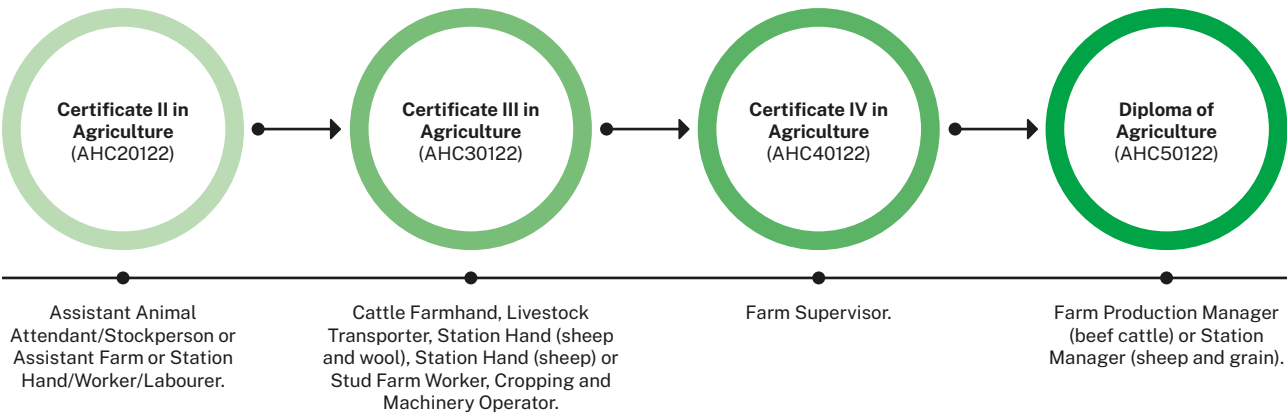

If you have a passion for agriculturally productive plants and animals, soils, sustainability, and the great outdoors, then studying agriculture could be the perfect fit for you. TAFE NSW offers courses with practical experience for working in agriculture, focusing on food and animal production and farm management. Stay up-to-date with technology and management practices for all types of livestock and crops. This sector can offer you the chance to make a real difference to the environment, and to the people of Australia.

Employment growth

1,400+ jobs are forecast to be created in the agricultural sector from now through to 2028.[^]

TAFE NSW gave me the skills and knowledge to go further - to be able to enquire more deeply into the natural sciences and sustainability.

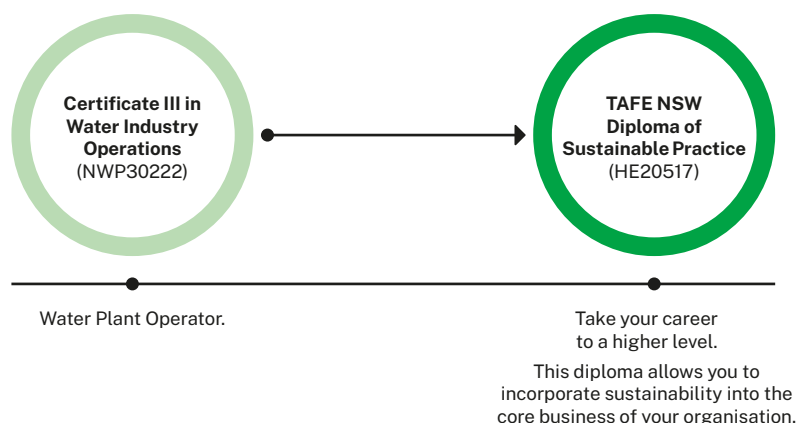

Chloe, Certificate IV in Environmental Management and Sustainability

Environmental Studies

As society becomes more aware of the importance of living and working sustainably, the demand for environmental monitoring and reporting expertise grows. Managing, protecting, and restoring the natural environment and monitoring the impact of physical and biological change requires people who are passionate about the wellbeing of the planet. When you study and work in this sector, you'll play an important part in monitoring and improving the ecosystem services that support human and other life, for generations to come.

I had been a qualified forestry worker for a long time, but going back to TAFE NSW was the best thing I have done. The supervisory skills I learned now mean that I am now managing my own sustainable plantation harvesting crew.

Matt, Certificate IV in Forest Operations

Natural Resources

If you're passionate about the environment and sustainable agricultural practices, a varied and exciting career in the natural resource management industry could be perfect for you. With career opportunities in forestry, ecological restoration and ecosystem management, and conservation work with public and private land owners, TAFE NSW offers qualifications and short courses to suit anyone interested in the management of natural resources. If you want to work to ensure Australia's biodiversity, conservation and sustainability, TAFE NSW can help you to build rewarding, hands-on resource management skills.

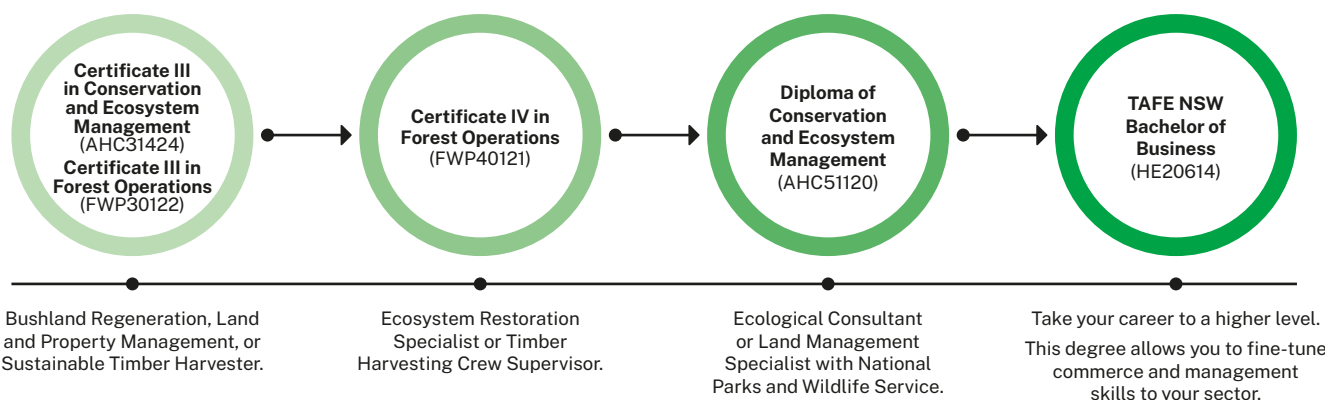

Job opportunities

NSW's timber industry supports 8,900 direct and indirect jobs.[^]

Automotive Trades & Services

Advances in technology and changing trends are hallmarks of the automotive industry. Electric vehicles (EVs) will make up more than 50 per cent of new car sales by 2030-31*, preparing the NSW road network for a low-emissions future. For the workforce, that means learning new and exciting skills. With 20.1 million registered motor vehicles on Australian roads[†], and the addition of almost half a million extra vehicles each year, the automotive industry is really accelerating.

Whether it's servicing, repairing, selling, painting, or trimming, TAFE NSW is the place to get your automotive career moving. People who are passionate about the automotive industry enrol in TAFE NSW courses each year, where we have an 81 per cent employer satisfaction rating with the quality of the nationally recognised training we deliver[‡]. We offer qualifications for every stage of your automotive career, whether you're starting as an apprentice or you're an industry veteran preparing to work on electric vehicles. We're passionate about quality, hands-on training and want to help you be your best.

Job opportunities

The Automotive Repair and Maintenance sector is forecast to grow by almost 1,440 jobs over three years from 2025 to 2028.[^]

Strong industry connections

Our industry relationships may lead to employment throughout a range of automotive sectors, such as motorsports, motorcycles, marine, road transport, agriculture, mining, light automotive, construction, and automotive electrical.

[^] Source: TAFE NSW Strategy and Research and Deloitte Access Economics 2025. * NSW Electric Vehicle Strategy, environment.nsw.gov.au, 2021. [†] ABS, Motor Vehicle Census, Australia, 31 Jan 2021. Automotive Repair & Maintenance Trades

Are you a hands-on problem solver with strong numeracy and literacy skills? Are you intrigued by how things work, and are driven to learn more about advanced technology? Whether it's working on high-performance racing cars, maintaining heavy vehicles in the mining sector, or keeping the wheels of road transport in motion, the automotive and mechanical trades offer dynamic and essential career paths. At TAFE NSW, our courses are designed to fuel your passion and prepare you for a variety of roles in these fast-evolving sectors. From high school students and school leavers to experienced tradespeople looking to upskill, our innovative facilities, industry connections, and in-depth training programs place you in the driver's seat in a field currently experiencing a significant skills shortage.

Aviation & Aerospace

The aviation industry is truly international, playing a large part in global business and management. Whether you prefer to be in the sky or staying grounded, careers in aviation are taking off. Qualified employees are in-demand, and there is great scope for career advancement across a wide range of work environments. From pilots to cabin crew, a range of dynamic and exciting careers await, with options to travel and work internationally.

TAFE NSW aviation courses are delivered by professionals with the industry experience and connections to help launch your career, or take it even higher.

The use of drones and unmanned aerial taxis for delivering products and even commuting to work will be more prevalent in the future. Drone technology is projected to create up to 5,500 new full time jobs each year for the next two decades*, while transport security operations is also forecast to grow, offering a rewarding career safeguarding passengers, crew, and cargo within the aviation sector**.

Employment growth

Government investment in airports across NSW will require new workers across aviation and aerospace activities.[^]

State-of-the-art facilities

Apply your skills in interactive learning environments, including simulated workspaces and flight time in aircraft.

Aviation & Aerospace

Whatever the role, aviation demands strong communication and organisational skills, and great judgement. You can learn fundamental skills in communications, security, and safety to begin your career in an entry-level position, or choose from courses to specialise in important hands-on flight operations or ground operations and services. Whether you choose to work in civilian or military aviation, your skills will be in-demand, ensuring that you have a career for the future.

Building, Construction & Property Services

Building construction, building design, and surveying are integral to the transformation of our urban environments into liveable and sustainable spaces capable of accommodating diverse and expanding communities. These fields are essential components in the quest for creating cities that meet the needs of an ever-growing population amidst the ongoing trend of urbanisation.

The fields of building construction, building design, and surveying offer a myriad of career opportunities within the building, construction, and property sectors. Whether you're seeking an apprenticeship, currently employed, or contemplating a career transition, you'll find a wealth of trades and disciplines to explore, with entry points tailored to your skills and aspirations. Pursue studies in these areas, and you'll embark on a journey where you can unleash your creativity, drive innovation, and contribute to shaping the future landscape of Australia.

Job opportunities

NSW employs the most building and construction workers in Australia.[^]

Strong industry connections

Solid industry relationships are a cornerstone of the TAFE NSW approach. We have formed alliances with significant initiatives such as the Western Sydney Airport Skills Exchange, and actively engage with industry advisory bodies, associations, government agencies, as well as industry partners at both Commonwealth and State levels.

Building Design

Studying a TAFE NSW course in building design can lead to an exciting and rewarding career working on infrastructure projects, commercial and industrial buildings, or someone's dream home. Our courses can provide pathways to further study at university that will enable you to become an architect or building designer. Whatever your dream career, you can build it at TAFE NSW.

TAFE NSW gave me skills and knowledge to go further, and have a shot at getting my own Builder's Licence.

Mark, Certificate IV in Building and Construction (Site Management)

Residential & Commercial Construction

There is a current shortage of qualified licensed builders throughout Australia, meaning there has never been a better time to get into the construction industry. A qualification in building and construction will help you develop the skills and knowledge to manage building projects. You will learn about contract management, overseeing work quality, selecting contractors, and liaising with clients. Completing qualifications in building and construction can lead to a building contractor's license and give you the freedom to set up your own business, or lead to a career in managing construction projects.

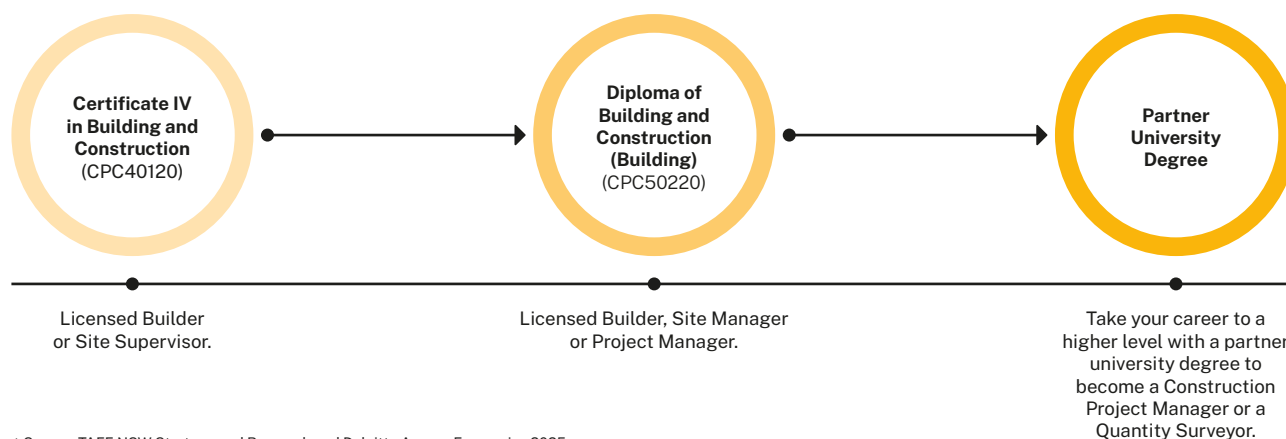

Job opportunities

Around 2,750 jobs are forecast to be created in NSW in the residential construction sector from now through to 2028.[^]

Is it right for you?	Courses offered include	Potential career opportunities
<ul style="list-style-type: none"> Do you have an interest in the building and construction industry? Do you have good time management skills? Do you want to learn how to interpret plans? Carpentry, Joinery & Furniture

If you like working with your hands and enjoy the satisfaction of creating something from scratch, a career in carpentry, shopfitting, cabinet making or furniture design is a perfect fit. Our courses will teach you everything you need to know, from how to read plans and specifications, to how to use hand and power tools, select the correct materials, then construct and install the finished piece. Completion of a qualification in this field may satisfy the educational requirements of the Office of Fair Trading for a carpentry trade contractor's licence, meaning you could be in the best position to construct an amazing career.

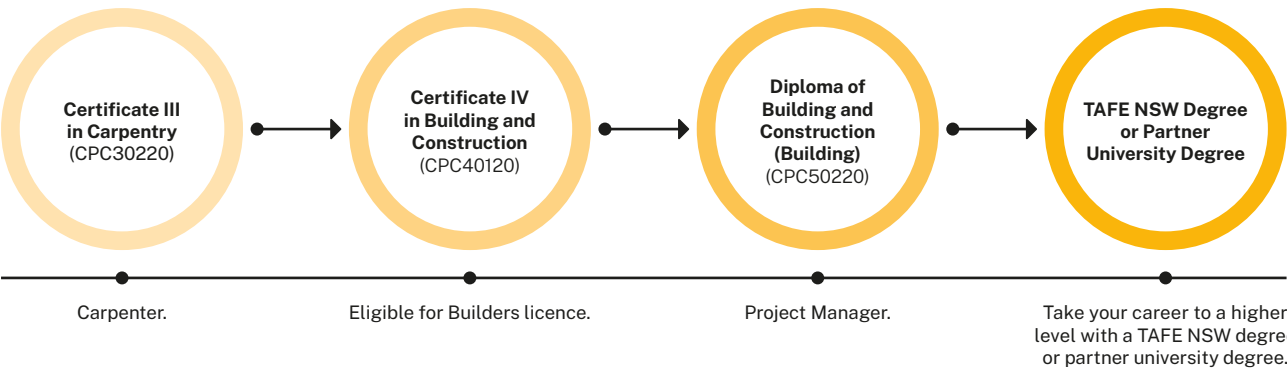

Job opportunities

Around 1,710 jobs are forecast to be created in NSW for carpenters from now through to 2028.[^]

Plumbing

If you enjoy working with your hands and solving practical problems, plumbing can be a rewarding career choice. You'll have the opportunity to work in diverse environments such as residential properties, commercial buildings, industrial facilities, construction sites or service calls to different locations.

When you study a plumbing course at TAFE NSW, you'll develop in-demand skills needed to work in the industry. Learn about tools and equipment, installation and maintenance, pipefitting and welding, industry regulations, and general occupational health and safety. You'll also be able to learn from your teachers, who are qualified professionals with years of industry experience. They'll guide you through practical training components, allowing you to apply your plumbing knowledge and skills in simulated or real-world projects.

Business & Finance

From the point of conception to the point of sale, the varied roles of business and finance underpin all sectors of the Australian economy. The skills you develop and fine-tune will open countless career doors, no matter what your passion is.

Whether you are interested in small or large enterprises, specialist work or general management roles, TAFE NSW offers a range of business and finance qualifications that provide insight into organisational productivity and business success. Focus your skills on accounting and finance, human resources, training and assessment, marketing and communications or sales and retail. Provide specialist business administration support or learn to lead and manage a team to ensure your business is organised for ongoing success. Whatever your passion or direction, your knowledge will be transferrable across multiple industries, ensuring your career progresses.

The latest report from the National Skills Commission highlights the most frequently occurring skills are in business operations and financial activities. Eighty per cent of people require some skills from business operations and finance for their occupation. Simply put, gaining skills in business operations and finance will assist you in almost any job, across any industry.*

TAFE NSW has connections with the biggest employers and associations across the financial sector to ensure we teach you the skills you need. We regularly scan the skills needs across Chartered Accountants Australia and New Zealand, Ernst & Young, Institute of Public Accountants, Institute of Certified Bookkeepers, Financial Advice Association Australia, Striva, CPA, The Association for Payroll Specialists, Australian Taxation Office and more. Choosing to study with TAFE NSW will ensure you get the best advice to further your career.

Employment growth

Around 4,580 jobs are forecast to be created in NSW for financial and insurance professionals from now through to 2028.*

Strong study pathways

TAFE NSW offers a range of business and finance related degree programs, with credit from our diploma courses. Arrangements with universities also create pathways to other degree level studies.

Training & Assessment

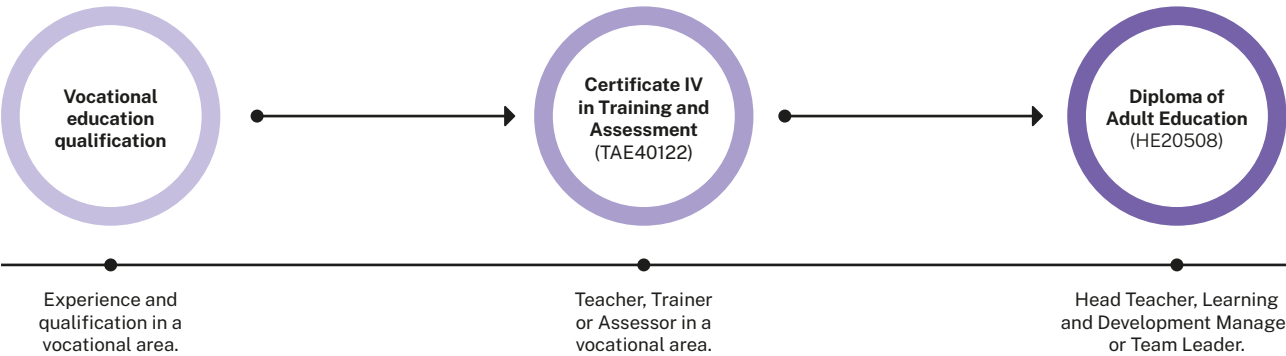

Well trained and highly skilled staff are the backbone of any successful organisation. If you are passionate about training and development, TAFE NSW can provide you with the skills and knowledge you need to excel in this vital industry.

Once you have gained qualifications/skills, and experience in a vocational field, you can take the next step by completing the Certificate IV in Training and Assessment. This qualification equips you to train and assess within workplace settings, shaping the capabilities of both today and tomorrow’s workforce.

For experienced trainers and assessors looking to advance their careers, the Diploma of Adult Education provides a pathway into leadership roles, enabling you to manage education programs and resources effectively.

Types of information available for employees

Employees should be able to locate information about the use of company property in their employee handbook. This information is important as it outlines the policies and guidelines regarding the proper use of company assets, such as computers, equipment, and facilities. It helps employees understand their responsibilities and the expectations set by the company regarding the use of these resources. This information is crucial for maintaining a productive and respectful work environment.

- The company's annual report
- The company's list of current job roles
- The use of company property
- The number of vacation days

I would encourage all students to study at TAFE NSW – the environment is amazing and students feel very much embraced.

Kim, Certificate IV in Marketing and Communications

Marketing & Communications

Marketing and communications play a vital role in the growth and sustainability of all organisations. This comprehensive marketing and communications qualification will develop your essential skills and knowledge in understanding customer needs and market analysis, developing traditional and social media, with a focus on digital trends and strategies. You will effectively articulate, communicate and build relationships and networks to make informed marketing decisions. With real-world projects and case studies, this course will provide hands-on experience to develop, implement and monitor marketing and communication plans and strategies that drive business success.

Children's Education and Care

The demand for early childhood professionals across Australia has never been greater, so now is the perfect time to step into a rewarding and fulfilling career.

TAFE NSW's comprehensive vocational and higher education courses provide a clear pathway for your career, from entry-level certificates to advanced qualifications. Whether you're starting fresh or upskilling, you'll gain the knowledge and experience needed to thrive in a dynamic profession, where no two days are the same. Through solid theoretical foundations and practical, hands-on experience, you'll learn to lead creative play, track key developmental milestones, collaborate and communicate with families, or support vulnerable children through complex challenges.

Whether you're drawn to mainstream early childhood settings or aspire to support children with higher needs, TAFE NSW's flexible programs cater to diverse goals and learning styles, equipping you to make a difference where it matters most.

Employment growth

Around 3,050 jobs are forecast to be created in NSW for early childhood educators and teachers from now through to 2028.[^]

Recognised and respected

TAFE NSW delivers nationally recognised qualifications that are sought after by both government and non-government organisations.

School Based Education Support

School Based Education Support courses prepare students to assist teachers and support students in classroom settings, particularly in primary and secondary schools. These courses are part of the education and training industry, which focus on building strong learning environments and inclusive education practices. Students will develop practical skills in classroom management, supporting student learning, and working with diverse needs through both theoretical study and hands-on placements in real school settings. Career opportunities include roles such as teacher's aide, education support worker, or integration aide.

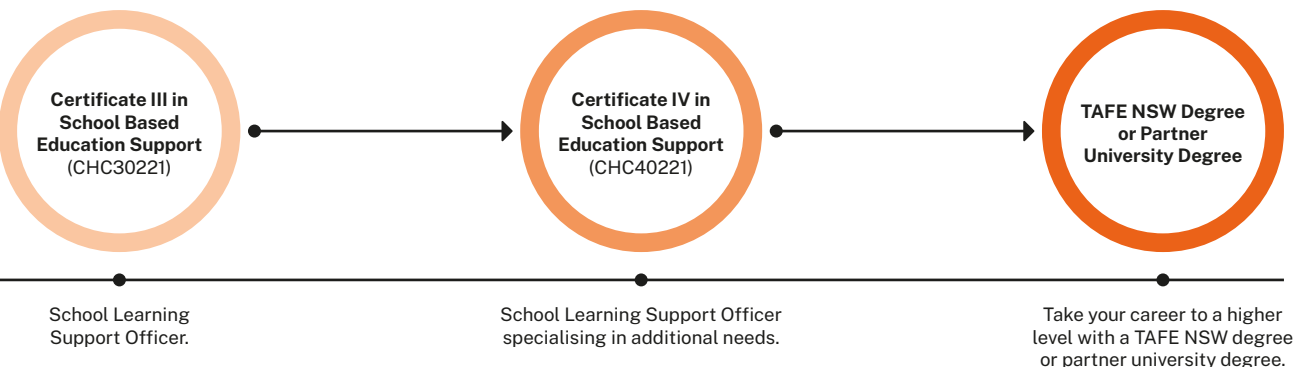

Employment growth

Employment of teachers' aides in NSW is forecast to increase by around 570 jobs (or 2.6%) over three years from 2025 to 2028.[^]

Is it right for you?	Courses offered include	Potential career opportunities

Hairdressing, Barbering, Beauty & Makeup

If you want a profession where you can help people look and feel their best, and gain creative skills you can take anywhere in the world, then you should study a hairdressing, barbering, or beauty and makeup course with TAFE NSW.

Learn from industry experienced teachers and graduate with the confidence to build your career as a highly skilled hairdresser, barber, or beauty, nail, or makeup professional. Whether you have your heart set on working in your own barber shop or upscale hair or beauty salon, or working for an already established brand, we can ensure that you learn the latest techniques while gaining practical skills and hands-on experience in our purpose-built learning facilities. TAFE NSW has nationally recognised qualifications for every stage of your career, and we are passionate about delivering quality training.

Employment growth

Around 520 jobs are forecast to be created in NSW for hairdressing and beauty professionals from now through to 2028.[^]

Real experience in the real world

Train on real clients in our specialist salons. You can also develop your portfolio and showcase your skills in exhibitions and photo displays.

Information & Communications Technology

The ever-evolving information and communications technology (ICT) industry continues to be dynamic, progressive, and exciting. The need for technical support and creative solutions paves the way for ongoing innovation and growth, with skilled ICT professionals remaining in high demand.

TAFE NSW is a leading provider of training for the ICT sector. Choose from a wide range of courses and career paths across multiple industries, with specialisations matched to current and developing technologies; from cloud-based technology, Internet of Things (IoT), and big data analytics, to Artificial Intelligence (AI). Whether you are interested in a technical support role, the creation of systems and software, network administration, cyber security, coding and programming, or the design and development of games and websites, our digital and IT students graduate with skills that are in high demand within the workforce.

Employment growth

Around 1,580 jobs are forecast to be created in NSW for information, media and telecommunications professionals from now through to 2028.[^]

Hands-on education

High tech computer laboratories include current high-end software and hardware aligned to specific industry domains, commercial grade networking, security and testing equipment, simulated working environments and partnerships with industry leading companies.

Cyber Security

Cyber security involves protecting the data and integrity of technological assets from vulnerabilities, theft, or damage. By studying a cyber security course with TAFE NSW, you will learn to connect to IT networks and effectively defend assets against a wide range of threats and cyber-attacks. Industry feedback indicates that there is a huge shortage of trained professionals in the cyber security field. With a TAFE NSW cyber security qualification, and our industry connections, you can gain the valuable practical skills needed to pursue a rewarding career in this sector.

Employment growth
Around 4,800 jobs are forecast to be created in Australia in the cyber security sector from now through to 2030.[^]

Information Technology, Systems Administration, Support, IT Business & Data Management

Launch a great IT career by developing the broad base of digital skills needed to become an all-rounder. A general IT qualification from TAFE NSW can cover areas like IT systems and support, web and database development, cyber security, and networking. These broad skills will allow you to ensure continuous, optimal performance of ICT services and support systems in a multiuser computing environment. After gaining broad skills, you can then specialise in the business areas of IT, allowing you to collaborate with clients, gain knowledge of the world's best practices in IT, manage data and contribute to optimal organisational decision making.

Library & Information Services

People have always collected, catalogued, and treasured information and data. In today's digital, information-rich world, library and information service professionals play an increasingly vital role, by ensuring equal access to resources, providing spaces for people to connect and share information, and by instilling a love of learning.

Sharing knowledge means we all prosper. Studying library and information services can lead to a career in both the public and private sectors, including roles in business, media, government, museums, galleries, and in education institutions.

TAFE NSW teachers and staff have specialist experience across a range of library operations, including cataloguing, database management, digitisation, web design, collection development, and reader advisory and reference services. Our industry placement options are supported by hundreds of libraries and facilities, so you can put your learning into practice.

Employment growth

Around 2,480 jobs are forecast to be created in NSW for library and other information services professionals from now through to 2028.[^]

Strong industry connections

The TAFE NSW Diploma of Library and Information Services is accredited by the Australian Library and Information Association, the national professional organisation for the Australian library and information services sector.

Media, Arts, Design & Entertainment

The benefits of the creative industries to the Australian economy are seen in our flourishing design, fashion, interior design, music, film, art and digital industries. More than half a million Australians now work in the creative industries, and the sector is known for being one of the most dynamic, culturally diverse, socially inclusive and technologically advanced in the country.

TAFE NSW arts, music, fashion, design, film, and TV courses are developed in close consultation with industry. When you choose TAFE NSW, you'll learn in industry-standard facilities, from experienced teachers who are passionate about what they do. Choose from a variety of disciplines and start at a level to suit you. A career in arts, music, fashion, design, film, TV, game development, animation, podcasting or social media will give you a chance to become a part of Australia's creative economy.

Employment growth

Around 4,230 jobs are forecast to be created in NSW for arts and recreation professionals from now through to 2029.[^]

Strong industry connections

TAFE NSW offers a range of creative industry degrees. Pathways also exist to other higher education providers.

[^] Source: Jobs and Skills Australia 2024.

Design

Channel your passion and develop your creative talents to forge a rewarding and fulfilling career. You could learn to design and create amazing brand and advertising campaigns, beautiful interiors, stunning jewellery, or imaginative sets for film and theatre. At TAFE NSW, our talented teachers will foster your artistic gifts and develop your design skills and techniques, to ensure you are properly set up for a successful career.

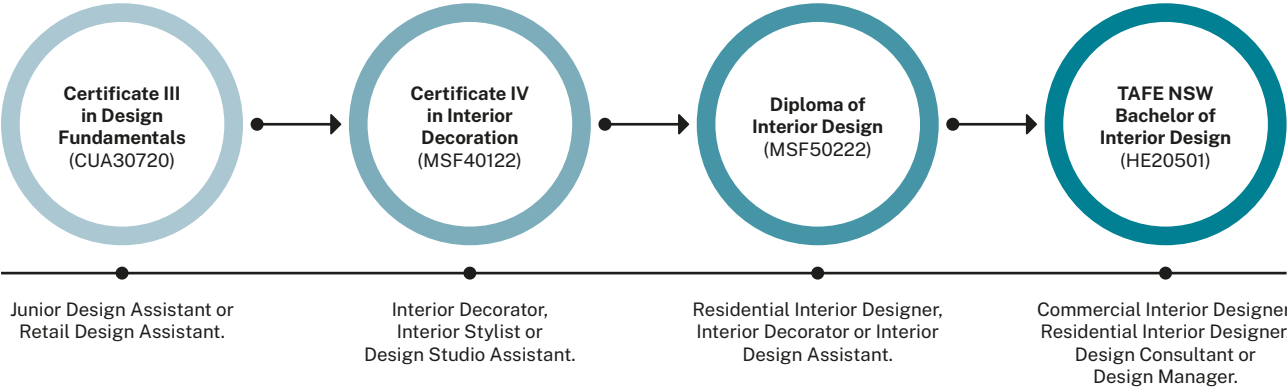

Employment growth

Around 15,400 online job postings for design skills were published in NSW over the 12 months to April 2025.[^]

Supply Chain Operations & Management

Ensuring the right thing is in the right place at the right time is big business. Logistics is an integral part of Australia's supply chain and a crucial driver of economic growth, employing more than 1.2 million people across warehousing, storage, handling, and distribution.

This growth industry continues to respond to the challenges of increased efficiencies in the digital age, powering everything from small business to iconic retailers, large-scale manufacturers, and everything in between.

Coordinated logistics, supply-chain management, and warehousing solutions are integral to any organisation trying to reduce costs and run efficiently. Get your career moving with a logistics and warehousing course at TAFE NSW with roles in areas such as warehousing and logistics operations, driving operations, stevedoring, yard operations, freight handler, furniture removals, international freight forwarding, mobile crane operations, waste driving operations, materiel and deployment logistics, traffic operations, bus and coach operations, and customs broking. As this industry embraces every other sector and organisation, the opportunities really are endless.

Employment growth

Around 990 jobs are forecast to be created in NSW for supply and distribution managers from now through to 2028.[^]

Fast track your career

If you are already working in the logistics and warehousing industry and want to build on your existing career, you can apply for Recognition of Prior Learning (RPL), so you don't have to study things that you already know.

Tourism, Hospitality & Events

The visitor economy, encompassing roles in hospitality, travel, tourism and events, has been recognised as one of Australia's high-growth industries. These sectors play a vital role in supporting Australia's economy.*

TAFE NSW has over 50 hospitality/training venues, including the Australian Patisserie Academy, and the Sydney Wine Academy. We support the Barista Project and Le Cordon Bleu to ensure TAFE NSW graduates gain real-life skills needed for today and the future workplace.

Our courses are informed by industry thought leaders and taught by experienced practitioners using innovative teaching methods. Graduate with a qualification that is highly regarded in Australia and around the world.

Job opportunities

Around 150,000 jobs are forecast to be created in NSW for the visitor economy from now through to 2035.[^]

Strong industry connections

TAFE NSW works closely with leading industry partners, including the Australian Hotels Association, Accommodation Australia, ICC Sydney, Marriott, Hyatt, Park Royal, and WSET, to support employment outcomes for students and graduates. These strong connections give students first-hand insight into how tourism, hospitality, and events contribute to economic growth at both regional and national levels. From large-scale festivals to destination marketing, students explore the broader systems that shape visitor experiences and drive the tourism economy.

For those pursuing a management career or looking to start their own venture, the option to continue into a Bachelor of Business further equips graduates with the commercial strategy, leadership skills, and data-driven decision-making tools needed to thrive in a global, experience-led economy.

Example pathway to a quality career

Auslan

Auslan (Australian Sign Language) courses will introduce a variety of signing skills to help you communicate with the Deaf community. The skills covered in Auslan courses will allow you to communicate in Auslan, ranging from familiar and routine matters through to complex and spontaneous conversations. You will also learn about the Deaf community, Deaf culture and history, as well as the linguistics of Auslan.

2026 Key dates

Semester 1

Term 1: 2 February – 5 April
Term 2: 20 April – 21 June

Semester 2

Term 3: 20 July – 27 September
Term 4: 12 October – 6 December

Note: Dates are subject to change. Please check **tafensw.edu.au** for current information.

Nationally Recognised Training is an accredited program of study that leads to vocational qualifications and credentials that are recognised across Australia. Only registered training organisations that meet government quality standards can provide nationally recognised training. It includes accredited courses and endorsed training package qualifications.

This guide provides a snapshot of courses and programs planned to be offered by TAFE NSW in 2026. The information is correct at the time of printing (July 2025); however, because our courses are constantly updated in response to changing industry and community needs, it is possible some changes have occurred.

“They helped me with my writing, my reading,
and my communication skills.”

Krittaporn, Adult Migrant English Program

At TAFE NSW, we're dedicated to ensuring everyone has equal access to education and training. With our longstanding commitment to inclusivity, we've been welcoming students from diverse cultural and linguistic backgrounds for many years.

Our range of multicultural support services help students like Krittaporn achieve their goals. Ready to make a life-changing move?
