Why choose TAFE NSW?

Get the job you want

With our diverse range of courses, strong industry connections and approaches to learning that suit all needs, we will help you to get the job you want.

You come first

TAFE NSW has been evolving and adapting to the training and education needs of NSW for over 140 years. We exist to create outstanding learner experiences and provide quality and personalised services that allow you to achieve your goals.

You are an individual

You're never just a number at TAFE NSW. Our small class sizes, student services and social facilities all create an incredibly strong support network. We will always ensure that you receive expert support in your specific area of interest.

Quality education

We partner with employers to provide mentorships, internships, work placements, and real world learning. Whatever your course, you will develop current, practical skills through both real and simulated work environments.

Strong industry connections

Our ambition is to help you with your career goals. With hundreds of partner organisations, and relationships with thousands of employers, we offer up-to-date industry insights and prime networking opportunities to help you develop relationships with industry. You will also discover an invaluable professional network among your teachers and fellow students.

Excellent reputation

Our teachers have worked in their industry and are passionate about their field. We know they are the best at what they do, because that's what our graduates tell us. Teachers combine their industry experience with a friendly, relaxed and supportive approach. That's why TAFE NSW enjoys an excellent reputation as one of Australia's leading education and training providers.

Safe places for learning and growth

At TAFE NSW, you will find study spaces, as well as vibrant places and opportunities to network, to socialise, and to just chill out. These include cafés, gyms, bookshops, galleries and exhibition spaces, as well as areas for student bands, barbecues, and theatre performances. You may even get discounts at our student training restaurants, hair and beauty salons, and massage clinics.

Student Benefits Program

Enrolling at TAFE NSW means you're part of our student and broader TAFE NSW community. Through our Student Benefits Program, you'll have access to join us in activities and events throughout the year. This program is available to all TAFE NSW students.

Jobs Connect service

Our Jobs Connect program is free to all students. It can help you connect with employers and find job opportunities relevant to you. You'll also have access to employability workshops, industry insights and career events hosted throughout the year.

Pathways to success

Forge your own path

A TAFE NSW pathway is a great way to fast-track your career by preparing for work or study, building new skills, and pursuing specific career outcomes. Your pathway depends on your skills, experience, study preferences, and career goals. Explore the most popular entry points here and start planning your future with a range of flexible and affordable study options, including face-to-face, workplace, virtual or online.

tafensw.edu.au/study/pathways

School and TAFE NSW pathways

[Q TAFE NSW Schools](#)

- Gain credit towards an industry recognised qualification and study at TAFE NSW while still at school

- Integrated study partnerships between TAFE NSW and universities help set students up for success with real world skills and support transition to higher education
- Visit credittransfer.tafensw.edu.au for more information about higher education pathways, including articulation and credit arrangements that recognise your TAFE NSW qualification

University to TAFE NSW pathways

[Q TAFE NSW Pathways](#)

- Complement your degree and develop valuable practical skills that employers are looking for with a TAFE NSW course
- Gain recognition or credit transfers for prior learning at university or higher education providers

Short courses

[Q TAFE NSW Short Courses](#)

- Study a TAFE NSW short course and learn skills to enhance your current role, take the next step in your career or pathway to a full TAFE NSW qualification
- Choose from hundreds of short courses, across a wide range of industries that can be done in days or weeks

Microskills

[Q TAFE NSW Microskills](#)

- TAFE NSW microskills provide stackable, up-to-the-minute training solutions that address regulatory changes, rapid advancement in industry technology or other skill requirements
- Online and on-demand, microskills can be completed in as little as half an hour

Support services

Aboriginal student support

Q TAFE NSW Aboriginal Support

Our Aboriginal staff provide cultural support and mentoring throughout your TAFE NSW training. We are here to help you navigate the enrolment process and course selection, ensuring you feel supported from the start of your studies through to completion.

Disability and access services

Q TAFE NSW Disability Support

At TAFE NSW, we understand that every student has individual needs that may impact on their ability to study. Disability Teacher Consultants provide a range of services to assist students with enrolment, ergonomic equipment, assistive technology and modifying assessment and exam conditions.

LGBTIQA+ support

Q TAFE NSW Everyone Belongs

TAFE NSW campuses are safe, affirming, and inclusive of the LGBTIQA+ community, ensuring students feel welcome, visible, and empowered to fully participate and thrive. LGBTIQA+ is used inclusively to represent diverse sexual orientations, gender identities, and sex characteristics, including Sistergirl and Brotherboy identities.

Multicultural support

Q TAFE NSW Multicultural Support

TAFE NSW delivers programs and support services to meet the needs of culturally and linguistically diverse students and prospective students. These programs and services include overseas qualifications validation, and finding the right learning support to empower students to succeed in their study and employment goals.

Children's Centres

Q TAFE NSW Childcare Services

TAFE NSW has established campus-based Children's Centres, so your child can learn while you study and work. Our Centres are licensed to provide long day care for children from six weeks to under six years under the Education and Care Services National Regulations, and operate under the National Early Years Learning Framework.

Counselling and career development services

Q TAFE NSW Counselling Services

The TAFE NSW Counselling and Career Development Service is free and confidential* and is designed to help you get the most from your course. The service helps prospective and current TAFE NSW students with course selection, career planning, and a range of personal support.

Learning support

Q TAFE NSW Study Support

TAFE NSW provides valuable tutorials and learner support that can help in areas such as essay writing, maths, science or computing skills. Depending on your needs you can access learner support at our 'drop-in' centres, in small groups or one-on-one. Call 131 601 to find out what study support services are available at your location.

Library services

Q TAFE NSW LibGuides

Gain access to a statewide network of library spaces with the latest digital and print resources, including:

- Unlimited access to eResources, including eBooks, journals, and databases
- Our 'Ask a Librarian' service, connecting you with a librarian online
- Support with research, bibliography and referencing
- Access to computers, software, Wi-Fi, study areas, photocopying, printing and more.

International students

Q TAFE NSW International

Coordinators can offer advice, support and referral services to assist you during your studies. They will help you to achieve your education goals and make your time in Australia rewarding and enjoyable. Download our International Guide today.

Scholarships

Q TAFE NSW Scholarships

TAFE NSW works with government, non-government and industry partners to develop and deliver scholarships for students who are experiencing financial, social, or other barriers to study.

For answers to frequently asked questions about TAFE NSW, visit tafensw.edu.au/student-services

*Limits to confidentiality include risk of harm to self or others, and where there is a legal requirement to provide information.

Specialty schools

Australian Patisserie Academy

Q TAFE NSW Australian Patisserie Academy

The TAFE NSW Australian Patisserie Academy offers an immersive, hands-on experience for both enthusiasts and industry professionals.

Training in world-class kitchens, you'll develop skills spanning artisan breads, pastries, tarts, gateaux, and the art of cake design and decoration, setting you up to thrive in the sweet world of patisserie creativity.

Design Centre Enmore

Q TAFE NSW Design Centre Enmore

Explore your creativity at the award-winning TAFE NSW Design Centre Enmore (DCE). Our state-of-the-art facilities include purpose built exhibition spaces, studios and workshops, staffed by creative professionals boasting current industry experience and valuable contacts.

In the words of legendary artist and musician Reg Mombassa, "DCE runs excellent practical courses producing students with work-ready skills".

If you're ready to explore and inspire your creative side, then you're ready to enrol at DCE.

Fashion Design Studio

Q TAFE NSW Fashion Design Studio

Turn your fashion dreams into reality at TAFE NSW Fashion Design Studio (FDS). FDS is Australia's leading internationally recognised fashion school, and has produced some of the country's most influential designers.

Learn in an industry-driven environment that transforms raw talent into professional skill, from concept to catwalk. FDS also presents The Innovators, the only graduate runway show to feature at Australian Fashion Week every year since 1999.

Sydney Wine Academy

Q TAFE NSW Sydney Wine Academy

The TAFE NSW Sydney Wine Academy is an award-winning provider of world class training for the hospitality, retail, and wine industries. Our teachers are highly respected experts, who share their industry expertise to help you develop your wine knowledge and tasting skills.

Our courses range from one-day hobby courses, through to specialist courses and internationally recognised qualifications. The Academy is an approved provider of Wine Scholar Guild and Wine and Spirit Education Trust (WSET) programs.

Western Sydney Creative Centres

Q TAFE NSW Western Sydney Creative Centres

The TAFE NSW Western Sydney Creative Centres represent a network of exceptional learning centres, aimed at providing students with an opportunity to express themselves and develop their creative skills.

Our dedicated teachers will support you throughout your student journey, ensuring all your needs are met. Our exceptional facilities, combined with our thorough, hands-on training, help prepare you to become a professional entrepreneur, armed with impressive creative skills, an eye-catching portfolio, a curious mind, and the employability skills needed to succeed.

Closing the Gap

The Closing the Gap target for further education pathways aims to have 70% of Aboriginal and Torres Strait Islander people aged 25 to 34 years complete a tertiary qualification (Certificate III and above) by 2031. This is a 47% increase on the 2021 figure.[^]

Aboriginal and Torres Strait Islander Education

Be connected and join over 35,000 Aboriginal and Torres Strait Islander students at TAFE NSW. We recognise the importance of identity, knowledge and understanding of Aboriginal cultures and languages, which enhances the lives and career opportunities of all Australians.

Be deadly.

We welcome Aboriginal and Torres Strait Islander people and we support all students to get the most out of education and training, to help open up exciting employment opportunities or to progress further in your current job.

Be empowered, share your life experiences, and gain real skills for the future. From music and film to Aboriginal languages and cultures, all our courses are taught in culturally safe groups, with personalised support from experienced facilitators. Be job ready and take the first step, with apprenticeships, work placements, and real hands-on experience.

Assistance can also be made available for personalised learning plans, goal-setting, reading, writing, numeracy, and test and assessment preparation.

Choice of programs

From pre-apprenticeships to degrees, or learning an Aboriginal Language, our courses are designed to build on your existing skills and knowledge, whatever your experience.

Industry career opportunities

- Aboriginal Arts Practitioner or Administrator
- Aboriginal Languages Educator
- Aboriginal Language Teacher
- Aboriginal Sites Officer
- Australian Federal Police

emPOWER

An electrical pre-apprenticeship program for Aboriginal people between 15 and 25 years.

IPROWD

A pathway for Aboriginal people into a career as a NSW Police Officer or Australian Federal Police (Certificate III in Vocational and Study Pathways for Aboriginal and/or Torres Strait Islander People 11036NAT).

tafensw.edu.au/iprowd

JAPEP

A pathway for Aboriginal people to employment as a correctional officer with NSW Department of Justice (Certificate II in Community Services CHC22015).

Job opportunities

Around 2,000 jobs are forecast to be created in the agricultural, fisheries and forestry sector in the coming decades.[^]

Agriculture, Animal Care, Food & Beverage Processing & Land Management

The conversion and consumption of the Earth's natural resources is at an all-time high. As our world becomes more populated and the demand on resources continues to grow, it becomes more crucial to know how to grow our food more sustainably whilst managing Earth's biodiversity and climate.

TAFE NSW is one of Australia's largest providers of agriculture, animal care, food and beverage processing, land management, and horticulture training. Training is conducted in the workplace or at TAFE NSW industry-standard facilities, such as the Primary Industries Centre (PIC) at Wagga Wagga, National Environment Centre (NEC) at Thurgoona, and winery and sports turf grounds at TAFE NSW Kurri Kurri. There are a variety of courses delivered by experienced teachers, who can work with you to take the next step in your career development.

Strong industry connections

Our established and dynamic employer and industry networks enable us to design courses that build relevant industry knowledge and deliver high-quality, hands-on learning experiences.

Job opportunities

Around 1,000 jobs are forecast to be created in the Automotive Repair and Maintenance sector in NSW through to 2029.[^]

Automotive Trades & Services

Advances in technology and changing trends are hallmarks of the automotive industry. Electric vehicles (EVs) will make up more than 50 per cent of new car sales by 2030-31^{*}, preparing the NSW road network for a low-emissions future. For the workforce, that means learning new and exciting skills. With 20.1 million registered motor vehicles on Australian roads[~], and the addition of almost half a million extra vehicles each year, the automotive industry is really accelerating.

Whether it's servicing, repairing, selling, painting, or trimming, TAFE NSW is the place to get your automotive career moving. People who are passionate about the automotive industry enrol in TAFE NSW courses each year, where we have an 81 per cent employer satisfaction rating with the quality of the nationally recognised training we deliver[#]. We offer qualifications for every stage of your automotive career, whether you're starting as an apprentice or you're an industry veteran preparing to work on electric vehicles. We're passionate about quality, hands-on training and want to help you be your best.

Strong industry connections

Our industry relationships may lead to employment throughout a range of automotive sectors, such as motorsports, motorcycles, marine, road transport, agriculture, mining, light automotive, construction, automotive body repair and electrical.

Industry career opportunities

- Agriculture Mechanics
- Auto Body Panel Technician
- Automotive Light or Heavy Vehicle Technician
- Customer Service
- Dealership Manager
- Electrical Technician
- Maintenance Superintendent
- Marine Technicians
- Mobile Plant Technicians
- Motorcycle Repair Technician
- Parts Interpreter
- Parts and Sales Technician/ Supervisor
- Parts Manager
- Service Manager
- TFNSW Authorised Vehicle Examiner
- Vehicle Salesperson
- Vehicle Spray Technician

[^] Source: TAFE NSW Strategy and Research and EY-Parthenon (January 2026). ^{*} NSW Electric Vehicle Strategy, environment.nsw.gov.au, 2021.

Employment growth

Around 900 jobs are forecast to be created in the air transport sector in Australia through to 2030.*

Aviation & Aerospace

The aviation industry is truly international, playing a large part in global business and management. Whether you prefer to be in the sky or staying grounded, careers in aviation are taking off. Qualified employees are in-demand, and there is great scope for career advancement across a wide range of work environments. From pilots to cabin crew, a range of dynamic and exciting careers await, with options to travel and work internationally.

TAFE NSW aviation courses are delivered by professionals with the industry experience and connections to help launch your career, or take it even higher.

The use of drones and unmanned aerial taxis for delivering products and even commuting to work will be more prevalent in the future. Drone technology is projected to create up to 5,500 new full time jobs each year for the next two decades*, while transport security operations is also forecast to grow, offering a rewarding career safeguarding passengers, crew, and cargo within the aviation sector**.

State-of-the-art facilities

Apply your skills in interactive learning environments, including simulated workspaces and flight time in aircraft.

Industry career opportunities

- Aircraft Handler
- Aircraft Maintenance Engineer
- Airline Cabin Crew
- Airport Security Screening Officer
- Baggage Handler
- Check-in Crew
- Commercial Pilot –Flight Crew
- Remote Pilot (Drones)

Job opportunities

Around 7,080 jobs are forecast to be created in the construction industry in NSW through to 2029.[^]

Building, Construction & Property Services

Building construction, building design, and surveying are integral to the transformation of our urban environments into liveable and sustainable spaces capable of accommodating diverse and expanding communities. These fields are essential components in the quest for creating cities that meet the needs of an ever-growing population amidst the ongoing trend of urbanisation.

A myriad of career opportunities await within the building, construction and property services industry. Whether you're seeking an apprenticeship, currently employed, or contemplating a career transition, you'll find a wealth of trades and disciplines to explore, with entry points tailored to your skills and aspirations. Pursue studies in these areas, and you'll embark on a journey where you can unleash your creativity, drive innovation, and contribute to shaping the future landscape of Australia.

Strong industry connections

Solid industry relationships are a cornerstone of the TAFE NSW approach. We have formed alliances with significant initiatives such as the Western Sydney Airport Skills Exchange, and actively engage with industry advisory bodies, associations, government agencies, as well as industry partners at both Commonwealth and State levels.

Around 2,000 jobs are forecast to be created in the early childhood education sector in NSW through to 2029.[^]

Children's Education

The demand for early childhood professionals across Australia has never been greater, so now is the perfect time to step into a rewarding and fulfilling career.

TAFE NSW's comprehensive vocational and higher education courses provide a clear pathway for your career, from entry-level certificates to advanced qualifications. Whether you're starting fresh or upskilling, you'll gain the knowledge and experience needed to thrive in a dynamic profession, where no two days are the same. Through solid theoretical foundations and practical, hands-on experience, you'll learn to lead creative play, understand key developmental milestones, collaborate and communicate with families, or support vulnerable children through complex challenges.

Whether you're drawn to mainstream early childhood settings or aspire to support children with higher needs, TAFE NSW's flexible programs cater to diverse goals and learning styles, equipping you to make a difference where it matters most.

Recognised and respected

TAFE NSW delivers nationally recognised qualifications that are sought after by both government and non-government organisations.

Industry career opportunities

- Aboriginal Education Officer (AEO)
- After School Hours Care Educator
- Child Development Officer
- Early Childhood Educator
- Early Childhood Service Director/Manager/Owner
- Early Childhood Teacher
- Educational Leader
- Family Day Care Educator
- Lead Educator
- Learning Support Officer/Assistant (LSO or LSA)
- Nominated Supervisor
- School Learning Support Officer (SLSO)
- Teaching Assistant (TA)
- Working in primary, high schools and specialist schools e.g. ASPECT

Employment growth

Around 5,970 jobs are forecast to be created in child care services in NSW through to 2029.[^]

Early Childhood Education & Care

Q TAFE NSW Early Childhood

Early Childhood Education and Care courses will prepare you to work with children aged from birth to 5 years, and make a real difference in their lives. Gain practical skills and knowledge to nurture, interact with and support children's wellbeing and development, and design and implement a curriculum to help children reach their potential.

Is it right for you?

- Are you intrigued by how children think and learn?
- Are you passionate about working in a team environment in an early childhood education and care setting?
- Does working with children, co-workers and families from diverse backgrounds interest you?
- Are you professional and demonstrate initiative?
- Are you observant, patient and creative?

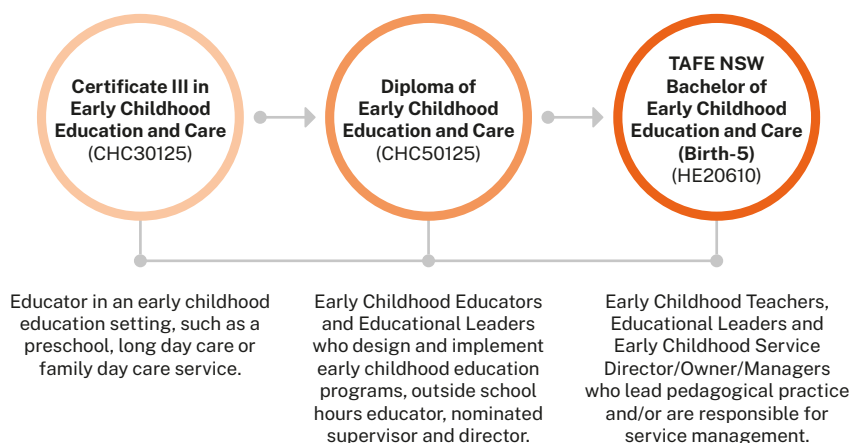

Potential career opportunities

- Child Development Officer
- Early Childhood Educator
- Early Childhood Service Director/Owner/Manager
- Early Childhood Teacher
- Educational Leader
- Family Day Care Educator
- Lead Educator
- Nominated Supervisor

Employment growth

The demand for electrotechnology professionals will increase as NSW becomes a clean energy, sustainable and low-carbon economy.[^]

Electrotechnology

Electrical, Air Conditioning & Refrigeration, Electronics, Renewable Energy, Automation...the key to the future is with Electrotechnology. This is a sector that's always advancing, so take the opportunity to build a brighter future for yourself, and for the planet.

You'll learn on specialist simulators and industry-standard software, in learning environments that are as industry-realistic as possible. TAFE NSW study can lead you into a wide range of industries, including contracting, manufacturing, mining, marine, communications, electrical supply, or automation and robotics. Our courses will energise you to achieve your career goals.

Strong study pathways

Do a certificate II or III course, through to certificate IV, diploma and above. The sky is the limit when studying for a career in electrotechnology.

Industry career opportunities

- Air Conditioning and Refrigeration Technician
- Air Conditioning System Installer
- Data, Telecommunications and Network Cabling Installer
- Electrical Fitter
- Electronics and Communications Technician
- Electronics Manufacturing Technician
- Engineering Technician
- Instrumentation and Control Technician
- Licensed Electrician
- Machine Repair Tradesperson
- Paraprofessional Engineer
- Project Manager
- Security System Installer

Air Conditioning & Refrigeration

Q TAFE NSW Air Conditioning

Driven by population growth, globalisation, consumer trends and climate change, the heating, ventilation, air conditioning, and refrigeration (HVAC&R) industry is growing. Air conditioning and refrigeration professionals cover both electrical and mechanical areas, so careers are unique and varied.

Is it right for you?

- Do you want a career in an ever-evolving industry?
- Do you want to be part of driving technology?
- Are you keen on a growing industry with an energy focus?

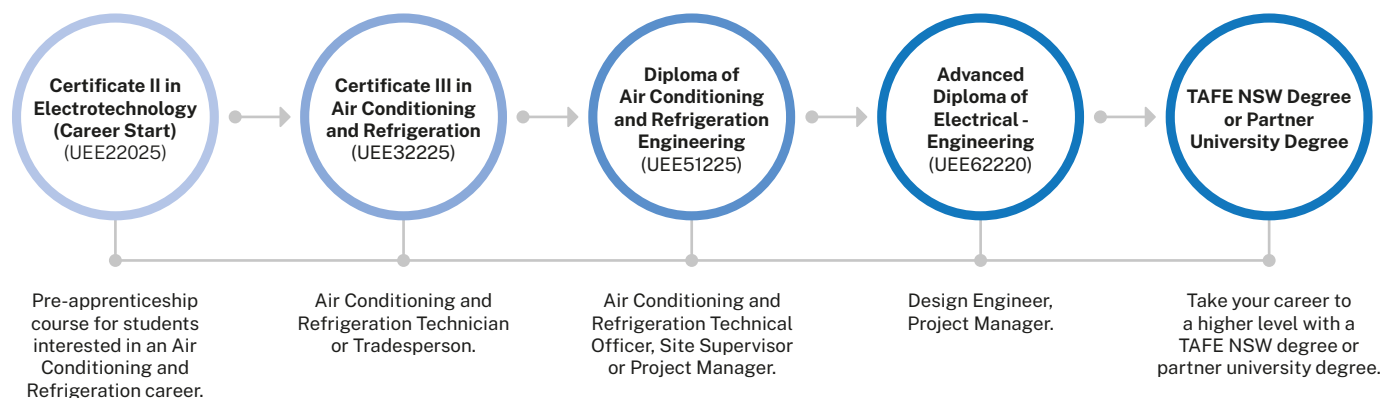

Potential career opportunities

- Air Conditioning System Installer
- Air Conditioning and Refrigeration Technician
- Paraprofessional Engineer
- Project Manager

Courses you can study

Course	Qualification	Code
Air Conditioning and Refrigeration Engineering	Diploma	UEE51225
Air Conditioning and Refrigeration	Certificate III	UEE32225

Example pathway to a quality career

Electrify your career and work at the forefront of emerging technology in the electrical industry. Amp up your chances with a trade qualification and acquire various skills that will open opportunities in other industries. Power the world and enjoy a rewarding career as a sparky.

Is it right for you?

- Does creating custom solutions excite you?
- Do you enjoy getting technical?
- Do you like detailed work and using your hands?
- Are you good at maths and science?
- Do you want a trade that will be in-demand for life?

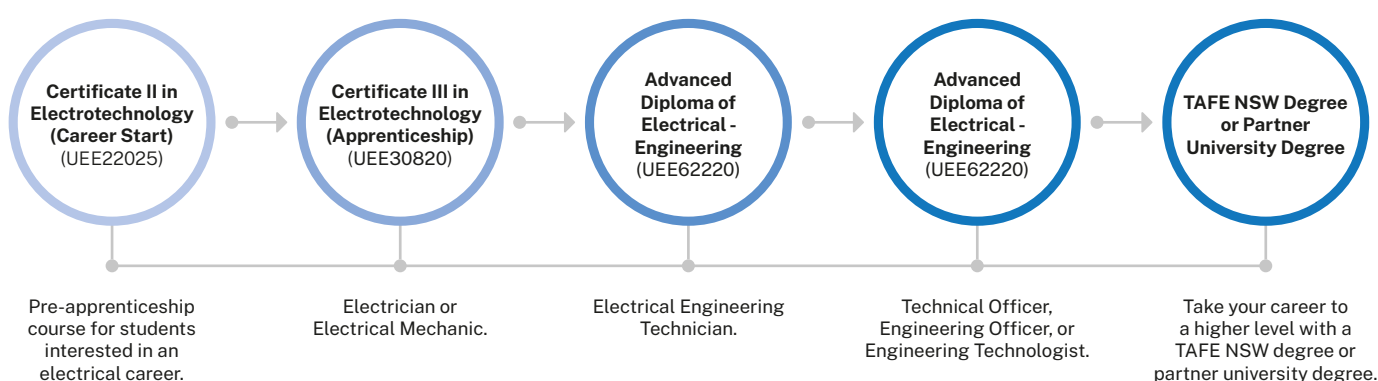

Potential career opportunities

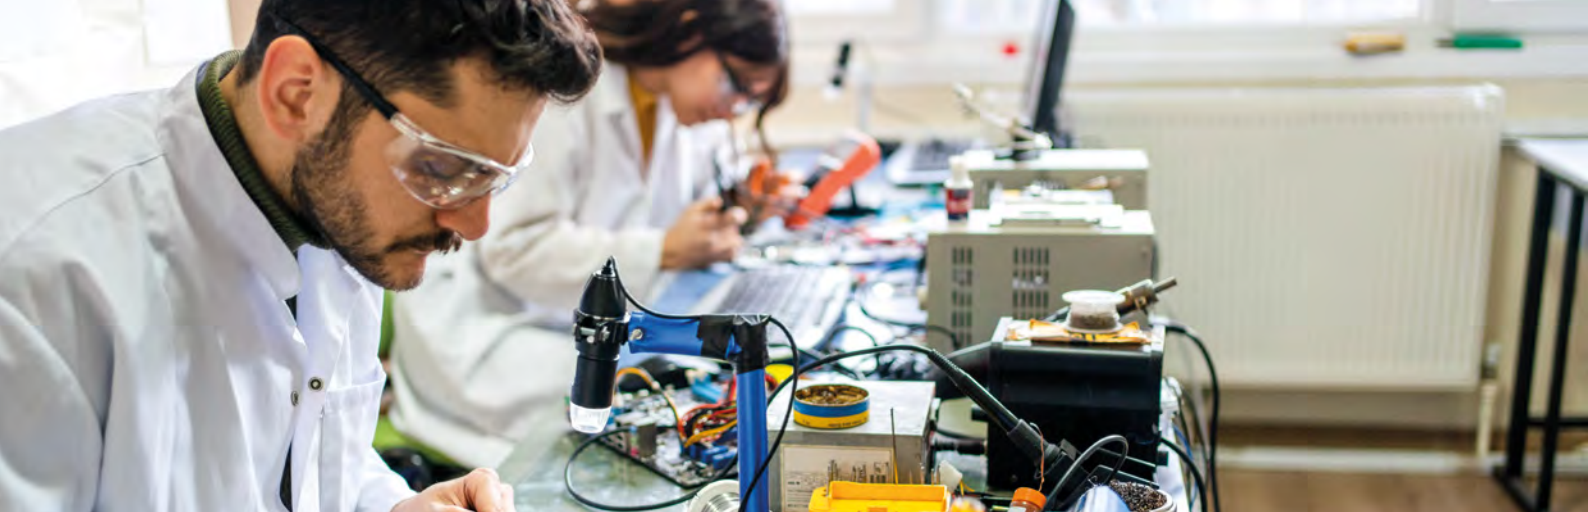

- Electrical Fitter
- Engineering Technician
- Instrumentation and Control Technician
- Licensed Electrician
- Machine Repair Tradesperson

Skills demand

There is strong demand for advanced manufacturing from high growth sectors such as energy, infrastructure, defence, aerospace, health and agrifood.[^]

Engineering

Advanced manufacturing, industry 4.0, robotics and the digital age – there has never been a more exciting time to work in the field of engineering. This is an opportunity to immerse yourself in the fourth industrial revolution, an era of connectivity, advanced analytics, automation, and advanced-manufacturing technology that is transforming global business.

You'll learn underpinning engineering skills in industry realistic facilities, and develop those skills to ready yourself for roles in a vast number of industries including aviation, advanced manufacturing and robotics.

Whatever career you choose to pursue, you'll be hands-on, working with different technologies and experiencing different challenges and rewards, every day.

Job ready and sustainable focus

From sustainable technologies, automation, and material technology to communications and 3D modelling, your learning is always focused on the needs of tomorrow's workplaces.

Industry career opportunities

- CNC Machinist
- Engineering Technician
- Fabrication Tradesperson
- Fitter/Machinist
- Fluid Power Systems Technician
- Jewellery Manufacturing and design
- Locksmith
- Marine Craft: Shipbuilding
- Mechanical Fitter
- Technology Engineer
- Welder/Boilermaker
- Watch and clock repairs

Employment growth

In 2025, NSW Health added 2,670 full-time equivalent (FTE) jobs to the public sector's workforce.[^]

Health

Help other people on their journey towards improved health and wellbeing with a broad range of TAFE NSW health courses. No matter which area of the health sector you're interested in, there are many employment opportunities in this growing area.

The Health sector incorporates a wide and exciting variety of disciplines and roles. Whether you are just starting out or are an experienced practitioner looking to further your knowledge, a nationally recognised qualification from TAFE NSW gives you the best and most focused training you can get. Take advantage of our experienced teachers, industry-standard facilities and extensive industry connections to gain specialist skills to find your dream job.

Industry-standard facilities

From labs to simulated healthcare facilities, we ensure that you have access to the latest technologies and work with the newest equipment.

Industry career opportunities

- Aboriginal Healthcare Worker
- Aboriginal Primary Healthcare Practitioner
- Aged Care
- Allied Health Assistant/Therapy Assistant
- Assistant in Nursing
- Dental Assistant
- Dental Practice Manager
- Dental Prosthetist
- Dental Technician
- Enrolled Nurse
- Field Assistant
- First Aider or Designated First Aid Officer in a workplace (requirement for many trades, healthcare, human services, education and other industries)
- Further qualifications in paramedicine or nursing
- Laboratory Assistant
- Laboratory Supervisor
- Laboratory Technician
- Medical Practice Assistant
- Medical Receptionist
- Medical Secretary
- Primary Health Care
- Sterilisation Assistant
- Sterilisation Technician
- Technical Assistant
- Technical Officer (Chemical)
- Technical Officer (Food)
- Technical Officer (Pathology)

Employment growth

Around 800 jobs are forecast to be created for dental assistants in NSW through to 2029.[^]

Dental Industry

Q TAFE NSW Dental

Good dental health and hygiene can be direct indicators of a person's overall health and can also boost confidence and wellbeing. In the dental industry, you can work with a team in a secure growth industry, supporting people of all ages in maintaining good dental health and a winning smile.

Is it right for you?

Employment growth

The Information Media and Telecommunications industry is projected to grow by around 790 jobs (or 1.1%) over the three years from 2026 to 2029.[^]

Information & Communications Technology

The ever-evolving information and communications technology (ICT) industry continues to be dynamic, progressive, and exciting. The need for technical support and creative solutions paves the way for ongoing innovation and growth, with skilled ICT professionals remaining in high demand.

TAFE NSW is a leading provider of training for the ICT sector. Choose from a wide range of courses and career paths across multiple industries, with specialisations matched to current and developing technologies; from cloud-based technology, Internet of Things (IoT), and big data analytics, to Artificial Intelligence (AI). Whether you are interested in a technical support role, the creation of systems and software, network administration, cyber security, coding and programming, or the design and development of games and websites, our digital and IT students graduate with skills that are in high demand within the workforce.

Hands-on education

High tech computer laboratories include current high-end software and hardware aligned to specific industry domains, commercial grade networking, security and testing equipment, simulated working environments and partnerships with industry-leading companies.

Industry career opportunities

- AI Engineer
- App Developer
- Application Support Engineer
- Back-end Web Developer
- Cabler and Installer
- Computer Programmer
- CT Systems Administrator
- Cloud Security Analyst
- Cloud Software Engineer
- Cyber Security Analyst
- Cyber Security Operations
- Cyber Security Technician
- Data Centre Technician
- Database Engineer
- Front-end Web Developer
- ICT Network Engineer
- Network Support Technician
- ICT Risk and Security Specialist
- ICT Support Officer
- IT Security Officer
- IT Security Manager
- IT Security Engineer
- Senior Information Management Specialist
- Software Developer
- Telecommunications Equipment Installer
- Telecommunications Equipment Operator
- Telecommunications Tradesperson
- Web Designer
- Web Developer

Employment growth

The Australian cyber security sector will require an additional 4,800 jobs each year to meet projected demand by 2030.[^]

Cyber Security

Q TAFE NSW Cyber Security

Cyber security involves protecting the data and integrity of technological assets from vulnerabilities, theft, or damage. By studying a cyber security course, you will learn the valuable practical skills needed to connect to IT networks and effectively defend assets against a wide range of threats and cyber-attacks.

Is it right for you?

- Are you good at analysing situations?
- Do you enjoy problem solving?
- Can you communicate effectively?
- Do you enjoy fast paced, changing environments?

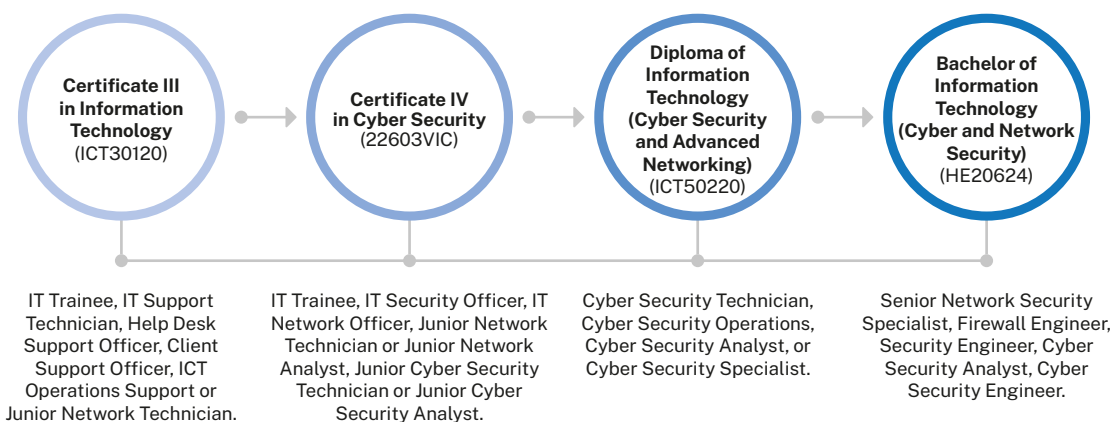

Potential career opportunities

- Cyber Security Analyst/Specialist/Engineer
- Cyber Security Technician/Operations
- ICT Risk and Security Specialist
- IT Security Engineer
- IT Security Officer/Manager

Courses you can study

Course	Qualification	Code
Information Technology (Cyber and Network Security)	Bachelor's Degree	HE20624
Information Technology (Cyber Security and Advanced Networking)	Diploma	ICT50220
Information Technology (Cyber Security & Cloud Architecture)	Diploma	ICT50220
Cyber Security	Certificate IV	22603VIC
Information Technology (Focused on Networking, Support and Cyber Security)	Certificate III	ICT30120

Employment growth

Employment of ICT support technicians in NSW is forecast to increase by around 950 jobs (or 3.5%) over the three years from 2026 to 2029.[^]

IT Support/Systems Administration & Cloud Architecture

Q TAFE NSW Information Technology

A career in systems support and administration allows you to configure and manage computer systems in a networked setting, overseeing installation and ongoing management of networks. Systems Administrators are critical IT experts, and a TAFE NSW course will teach you all you need to know to offer vital IT support.

Is it right for you?

- Are you good at problem solving?
- Do you have the ability to think critically?
- Are you comfortable interacting with customers?
- Can you adapt to a range of outdoor or indoor working environments?
- Are you results-orientated?

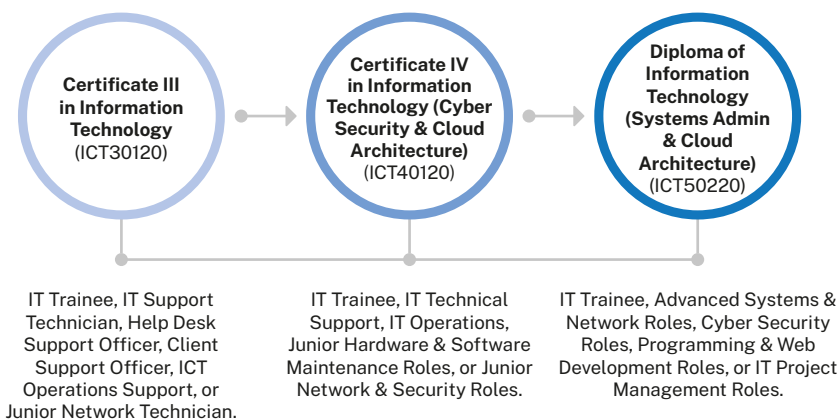

Potential career opportunities

- Cloud Architect
- IT Operations Administrator
- IT Systems Support Specialist
- Senior Help Desk Officer
- Senior Support Technician
- Systems Administrator/Engineer/Analyst

Courses you can study

Course	Qualification	Code
Information Technology (Systems Administration & Cloud Architecture)	Diploma	ICT50220
Information Technology (Systems Administration & Support)	Certificate IV	ICT40120
Information Technology (Focused on Networking, Support and Cyber Security)	Certificate III	ICT30120

Networking & Cloud Computing

Q TAFE NSW Networking

Cloud computing, networking and IT power today's connected world, linking devices, systems and services across physical, virtual and cloud environments. As demand grows for secure, scalable infrastructure, these skills are highly sought after. This course builds practical knowledge in networking, cloud computing, virtualisation and Software as a Services (SaaS).

Is it right for you?

- Do you like working with physical and virtual computers and devices?
- Do you enjoy collaborative problem solving?
- Do you have good communication skills?
- Are you able to handle changing priorities and deadlines?

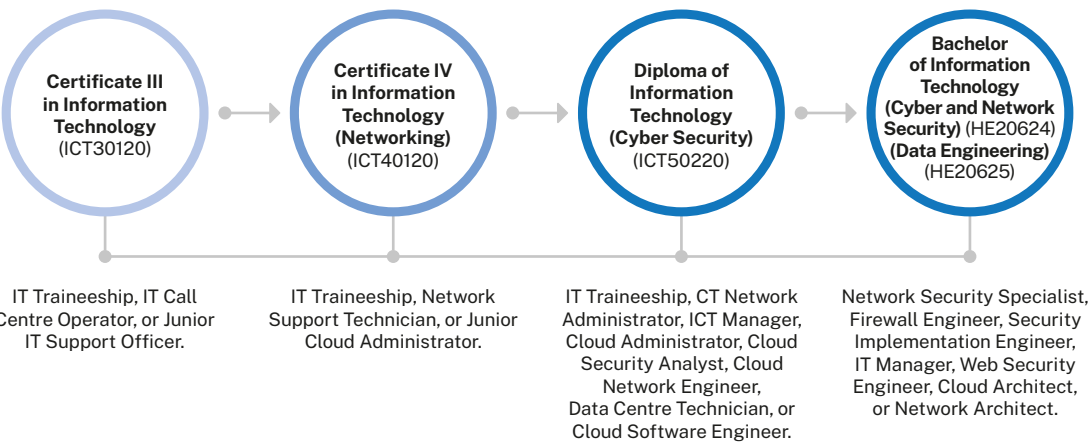

Potential career opportunities

- Cloud Network Engineer
- Cloud Security Analyst
- Cloud Solutions Architect
- ICT Network Administrator/Engineer
- ICT Systems Engineer
- Network Support Technician

Courses you can study

Course	Qualification	Code
Information Technology (Cyber and Network Security)	Bachelor's Degree	HE20624

Information Technology (Cyber Security)	Diploma	ICT50220
Information Technology (Networking)	Certificate IV	ICT40120
Information Technology (Focused on Networking, Support and Cyber Security)	Certificate III	ICT30120

Example pathway to a quality career

Programming

Q TAFE NSW Programming

Application programming is a core skill across many digital roles and an important area of study for people developing an IT career. At TAFE NSW, through practical, hands-on learning, students build solid foundational programming skills before learning how to work responsibly alongside modern AI-assisted development tools, reflecting current industry practice.

Is it right for you?

- Do you have good attention to detail?
- Are you adaptable and flexible?
- Are you resourceful?
- Do you enjoy solving problems?
- Are you motivated to learn new things?

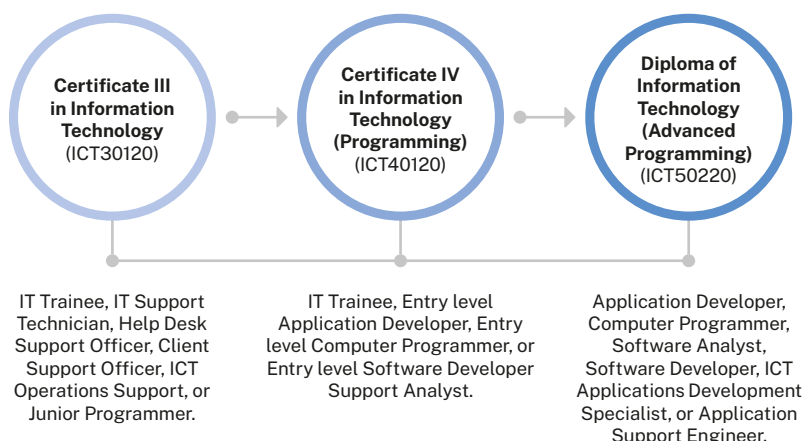

Potential career opportunities

- App Developer
- Application Support Engineer
- Computer Programmer
- ICT Applications Development Specialist
- Software Analyst/Developer/Engineer

Courses you can study

Course	Qualification	Code
Information Technology (Advanced Programming)	Diploma	ICT50220
Information Technology (Programming)	Certificate IV	ICT40120
Information Technology (Focused on Programming and Web)	Certificate III	ICT30120

Example pathway to a quality career

Website Design & Development

Q TAFE NSW Web Design

Web development at TAFE NSW combines creative thinking with practical technical skills. Students learn how to code, design and solve problems to build user friendly, responsive websites. These courses focus on hands-on learning, giving students the chance to create real websites and build a strong portfolio.

Is it right for you?

- Do you have a creative mindset?
- Do you see things from the customer’s perspective?
- Do you enjoy experimenting with new design tools, including AI?
- Do you enjoy solving problems?
- Do you have a keen eye for detail?

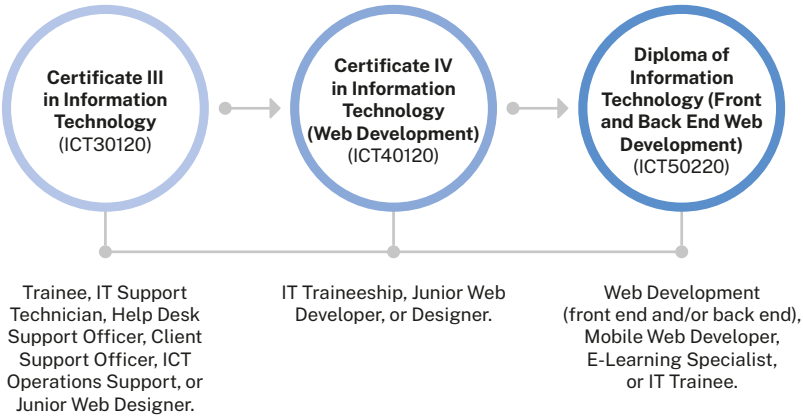

Potential career opportunities

- Back End Web Developer
- E-learning Specialist
- Front End Web Developer
- Full Stack Developer
- Web Designer
- Web Developer

Courses you can study

Course	Qualification	Code
Information Technology (Cyber and Network Security)	Bachelor’s Degree	HE20624

Job opportunities

The technology workforce in NSW is projected to grow to by around 562,000 workers by 2035.[^]

Information Technology (General)

Q TAFE NSW Information Technology

Launch a great IT career by developing the broad base of digital skills needed to become an all-rounder. IT (General) courses provide students with a broad and practical foundation across core digital areas, such as helpdesk, systems administration, networking, cybersecurity, cloud computing, or software development.

Is it right for you?

- Are you curious about the different aspects of IT?
- Would you like to learn a range of technology-based skills?
- Do you enjoy solving problems?
- Do you like working with a range of different people?

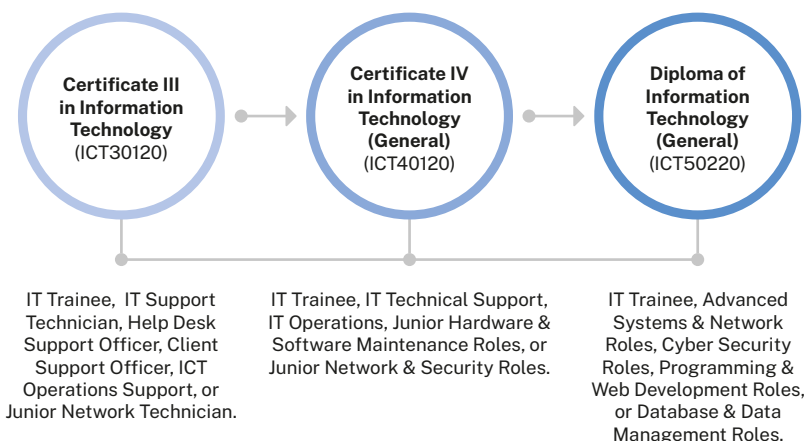

Potential career opportunities

- Cyber Security Assistant
- IT Operations Administrator
- IT Support Technician
- Junior Web Developer
- Network Support Technician

Courses you can study

Course	Qualification	Code
Information Technology (General)	Diploma	ICT50220
Information Technology (General)	Certificate IV	ICT40120
Information Technology (Focused on Networking, Support and Cyber Security)	Certificate III	ICT30120

Game Design & Development

Q TAFE NSW Game Design

Games development blends creativity, programming and design, offering a strong pathway into IT and digital careers. At TAFE NSW, students build solid foundational skills before moving on to modern, industry-relevant tools and workflows. This approach ensures they understand core development principles while gaining experience with professional practices.

Is it right for you?

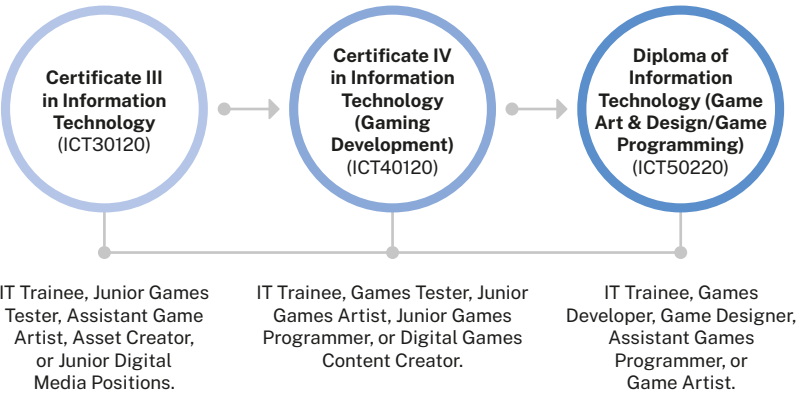

- Are you passionate about game creation?
- Do you enjoy combining creativity with technology?
- Do you like solving problems and bringing ideas to life?
- Do you have an eye for design, storytelling or user experience?
- Are you curious about how games are built using real industry tools?

Potential career opportunities

- 3D Artist
- Animator
- Concept Artist
- Game Designer
- Game Programmer
- Level Designer
- Technical Artist

Courses you can study		
Course	Qualification	Code
Information Technology (Game Art & Design)	Diploma	ICT50220
Information Technology (Game Programming)	Diploma	ICT50220
Information Technology (Gaming Development)	Certificate IV	ICT40120

Example pathway to a quality career

Job opportunities

NSW is home to 45% of Australia's AI companies, with around 1,460 data analysts currently employed in the state.[^]

Data/Business Analysis & Artificial Intelligence (AI)

Q TAFE NSW Artificial Intelligence

A business analyst, data analyst, and AI specialist help organisations make smarter decisions, whether by improving processes, uncovering insights, or applying intelligent technologies. Our courses teach these skills through practical, hands-on projects that build confidence and digital capabilities.

Is it right for you?

- Do you like understanding how things work?
- Can you spot patterns and turn complexity into clarity?
- Do you like using logic and creativity to design better solutions?
- Are you comfortable with change?

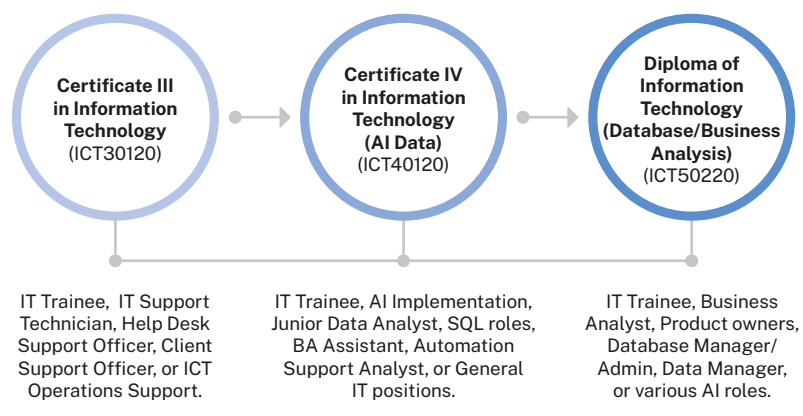

Potential career opportunities

- AI Engineer (entry level pathway)
- AI Implementation Consultant
- Database Administrator
- ICT Business Analyst
- IT Consultant
- Project Analyst

Employment growth

In 2024-25, around 40% of the NSW population holds a library card.[^]

Library & Information Services

People have always collected, catalogued, and treasured information and data. In today's digital, information-rich world, library and information service professionals play an increasingly vital role, by ensuring equal access to resources, providing spaces for people to connect and share information, and by instilling a love of learning.

Sharing knowledge means we all prosper. Studying library and information services can lead to a career in both the public and private sectors, including roles in business, media, government, museums, galleries, and in education institutions.

TAFE NSW teachers and staff have specialist experience across a range of library operations, including cataloguing, database management, digitisation, web design, collection development, and reader advisory and reference services. Our industry placement options are supported by hundreds of libraries and facilities, so you can put your learning into practice.

Strong industry connections

The TAFE NSW Diploma of Library and Information Services is accredited by the Australian Library and Information Association, the national professional organisation for the Australian library and information services sector.

Industry career opportunities

- Information Officer
- Library Assistant
- Library Customer Service Assistant
- Library Customer Service Officer
- Library Officer
- Library Technician

Library and Information Services	Diploma	BSB50520
Library and Information Services	Certificate IV	BSB40720
Business (Focusing on Library Services*)	Certificate III	BSB30120

Example pathway to a quality career

* Whilst this is a focus of this qualification, it is not a recognised specialisation.

Job opportunities

NSW's ports support around \$140 billion worth of trade annually and tens of thousands of jobs.[^]

Maritime

Set sail in a maritime career working on charter boats, tugboats, commercial diving, research vessels, fishing trawlers, and offshore shipping. You can train to be skipper or a deckhand, a marine engineer, or a shipbuilder. The employment opportunities in the maritime industry are endless.

TAFE NSW maritime courses are delivered by professionals using simulated environments to ensure you complete with real world, practical skills.

With hands-on training designed by industry leaders, you will train in interactive learning spaces that include digital marine simulators, preparing you to navigate a successful career on the water.

High-quality facilities

Apply your skills in interactive learning environments, including simulated workspaces and field trips on vessels.

Industry career opportunities

- Boat Builder
- Charter Vessel Crew
- Coxswain (Small Boat Captain)
- Cruise Ship Worker
- General Purpose Hand/Deckhand/
Fishing Hand
- Marine Mechanic
- Maritime Trainer
- Ship's Engineer/Marine
Engine Driver
- Ship's Master/Captain/Mate

The maritime industry offers exciting career options on deck and in engineering that allow you to travel the world. The Eastern seaboard, including Sydney Harbour, Botany Bay, Newcastle, Port Kembla, the NSW North Coast, Great Barrier Reef and the Gold Coast, are all thriving hubs for maritime operations.

Is it right for you?

- Do you enjoy working on the water with boats?
- Are you practical and technical?
- Are you safety-conscious?
- Do you have good balance and coordination?
- Do you love the ocean and waterways?

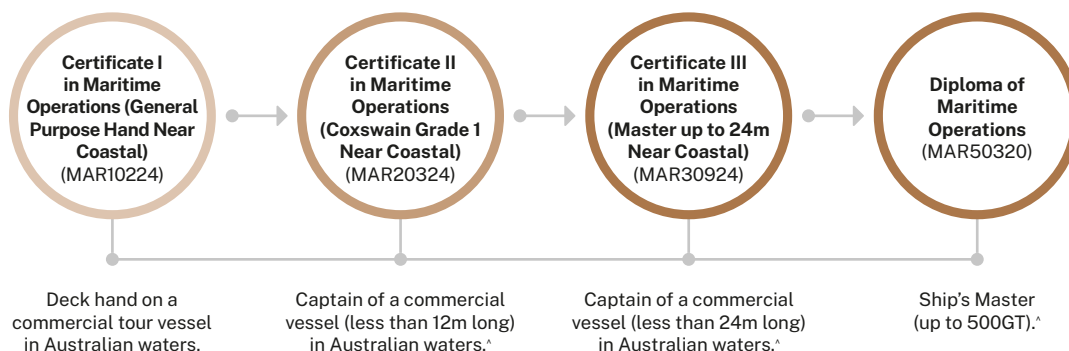

Potential career opportunities

- Charter Vessel Crew
- General Purpose Hand/Deckhand/Fishing Hand
- Marine Mechanic
- Ship's Engineer/Marine Engine Driver
- Ship's Master/Captain/Mate

Employment growth

Around 14,300 jobs are forecast to be created in the Arts and Recreation Services industry in Australia until 2030.[^]

Media, Arts, Design & Entertainment

The benefits of the creative industries to the Australian economy are seen in our flourishing design, fashion, interior design, music, film, art and digital industries. More than half a million Australians now work in the creative industries, and the sector is known for being one of the most dynamic, culturally diverse, socially inclusive and technologically advanced in the country.

TAFE NSW arts, music, fashion, design, film, and TV courses are developed in close consultation with industry. When you choose TAFE NSW, you'll learn in industry-standard facilities, from experienced teachers who are passionate about what they do. Choose from a variety of disciplines and start at a level to suit you. A career in arts, music, fashion, design, film, TV, game development, animation, podcasting or social media will give you a chance to become a part of Australia's creative economy.

Strong study pathways

TAFE NSW offers a range of creative industry degrees. Pathways also exist to other higher education providers.

Widely recognised

The vast majority of universities accept the TAFE NSW Tertiary Preparation Certificate (TPC) as an entry qualification.

Preparation for Work & Further Study

TAFE NSW has a range of courses and supportive learning environments to help you make the most of your career or study opportunities.

If you need support with reading, writing, or maths, our courses will help you increase your skills, build your confidence, and achieve your goals. With courses covering basic language, literacy, and maths skills, through to more advanced skills, TAFE NSW also offers you a supportive environment to help you create a brighter future.

Study to suit you

Our courses are delivered full time and part time, with options to study in the classroom, online, or blended. You'll learn from passionate and dedicated teachers who use a personalised approach to boost your skills, knowledge, and confidence.

Course outcomes

- Build independent learning skills
- Entry into a vocational course
- Entry to careers requiring a Year 10 equivalent or higher qualification, including the Australian Defence Force*
- Entry to further study in the Vocational Education and Training (VET) sector
- Help with entry into a higher education or vocational course
- Increase your opportunities for success within Australian society
- Increased chances of gaining employment
- Improve your chances of getting a job
- Improve your English communication and digital literacy skills
- Improved skills in reading, writing, numeracy and digital
- Independent learning skills
- Pathways to other general education and career preparation courses
- Tertiary Entrance Score (TES) for those seeking entry to university (aligned to the HSC ATAR)

* Entry is based on a range of suitability requirements beyond academic qualification – check with the Australian Defence Force to determine your eligibility

English Language

Q TAFE NSW English Language

TAFE NSW has a range of courses designed to help you build your English language skills. These skills can include improving your English reading, writing, speaking, listening, and digital skills. These courses will help you feel confident using English within the community, at work or in further study.

Is it right for you?

- Would you like to use English more confidently?
- Do you want to continue to study at TAFE NSW or university?
- Would you like to find work or a better job?
- Would you like to meet others learning English?

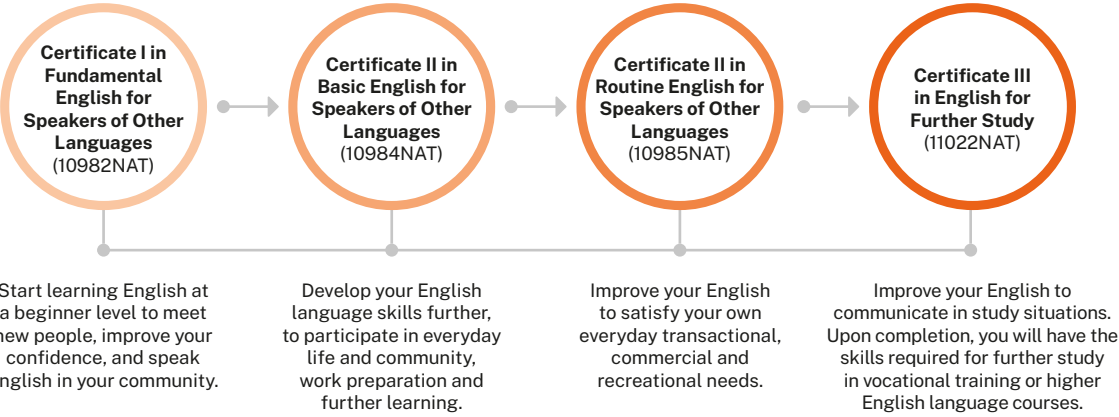

Course outcomes

- Build independent learning skills
- Help with entry into a higher education or vocational course
- Improve your chances of getting a job
- Improve your English and digital literacy

Employment growth

Employment of supply and distribution managers in NSW is projected to increase by around 440 jobs through to 2029.[^]

Supply Chain Operations & Management

Ensuring the right thing is in the right place at the right time is big business. Logistics is an integral part of Australia's supply chain and a crucial driver of economic growth, employing more than 1.2 million people across warehousing, storage, handling, and distribution.

This growth industry continues to respond to the challenges of increased efficiencies in the digital age, powering everything from small business to iconic retailers, large-scale manufacturers, and everything in between.

Coordinated logistics, supply-chain management, and warehousing solutions are integral to any organisation trying to reduce costs and run efficiently. Get your career moving with a logistics and warehousing course at TAFE NSW with roles in areas such as warehousing and logistics operations, driving operations, stevedoring, yard operations, freight handler, furniture removals, international freight forwarding, mobile crane operations, waste driving operations, materiel and deployment logistics, traffic operations, bus and coach operations, and customs broking. As this industry embraces every other sector and organisation, the opportunities really are endless.

Fast track your career

If you are already working in the logistics and warehousing industry and want to build on your existing career, you can apply for Recognition of Prior Learning (RPL), so you don't have to study things that you already know.

Industry career opportunities

- Customs Broker
- Distribution Centre/ Logistics/ Transport
- Distribution Centre Manager
- Forklift/Order (Stock) Picker Driver
- Freight Forwarder
- Logistics Officer or Manager
- Operations Manager
- Purchasing and Supply Officer
- Receiving/Despatch/ Inventory Clerks
- Scheduler/Transport Supervisors
- Storeperson
- Supply Chain Analyst
- Warehouse Administrator

Example pathway to a quality career

Job opportunities

The NSW Government aims to grow the state's visitor economy to \$91 billion by 2035, driving growth of up to 150,000 new jobs.[^]

Tourism, Hospitality & Events

The visitor economy, encompassing roles in hospitality, travel, tourism and events, has been recognised as one of Australia's high-growth industries. These sectors play a vital role in supporting Australia's economy.*

TAFE NSW has 44 hospitality/training venues, including the Australian Patisserie Academy, and the Sydney Wine Academy. We support the Barista Project and Le Cordon Bleu to ensure TAFE NSW graduates gain real-life skills needed for today and the future workplace.

Our courses are informed by industry thought leaders and taught by experienced practitioners using innovative teaching methods. Graduate with a qualification that is highly regarded in Australia and around the world.

Strong industry connections

TAFE NSW works closely with leading industry partners to support student employment outcomes, providing first-hand insight into how tourism, hospitality, and events contribute to economic growth at both regional and national levels.

Those pursuing management or entrepreneurship can continue into a Bachelor of Business to build leadership, strategy, and data-driven skills for a global economy.

NATIONALLY RECOGNISED
TRAINING

Nationally Recognised Training is an accredited program of study that leads to vocational qualifications and credentials that are recognised across Australia. Only registered training organisations that meet government quality standards can provide nationally recognised training. It includes accredited courses and endorsed training package qualifications.

This guide provides a snapshot of courses and programs planned to be offered by TAFE NSW in 2027. The information is correct at the time of printing (August 2026); however, because our courses are constantly updated in response to changing industry and community needs, it is possible some changes have occurred.

Key dates for 2027

Semester 1

Term 1: 1 February – 11 April

Term 2: 27 April – 20 June

Semester 2

Term 3: 19 July – 26 September

Term 4: 11 October – 5 December

Note: Dates are subject to change. Please check [tafensw.edu.au](https://www.tafensw.edu.au) for current information.
